Soviet's Note Hits China's Land Claims

MOSCOW (AP) — The Soviet Union published today a note rejecting Chinese claims to Soviet territory. However, it offered to make border adjustments in negotiations in the next few months.

The lengthy note, containing a historical review of Russia-Chinese border agreements, was delivered to the Chinese embassy in Moscow Friday. It was published today by the Soviet Communist party newspaper and distributed by the Soviet news agency Tass.

The Soviet Union proposed the two countries meet in Moscow "within the next 2-3 months."

The note is the latest step in an exchange that began March 29 with a Soviet proposal for border talks.

Earlier that month the long-smouldering Soviet-Chinese conflict had broken out in an open fight along the Ussuri River.

In a hurry to stop further outbreaks, the Soviet Union originally proposed that negotiations start on April 15. However, China waited until May 24 to reply that it was willing to hold talks.

The 4,500 mile Chinese border has been the scene of thousands of incidents and conflicts in recent years. Most of them went unnoticed until two bloody clashes on the Far Eastern Ussuri River border last March 2 and again on March 14 and 15.

The Soviet Union reported 31 Soviet border guards were killed and 14 wounded in the first battle. No casualty figures were given for the second conflict. Chinese losses were never reported.

During the past week China and the Soviet Union exchanged a new series of notes over another incident in which a woman herder was reported killed.

25,000 By End Of August

U.S. Units Named For Viet Pullout

SAIGON (AP) — The U.S. 9th Marine Regiment, the first American combat unit to enter the Vietnam war, and the 1st and 2nd Brigades of the U.S. 9th Infantry Division were named today as the first of 25,000 American troops being withdrawn.

A 25,000 man withdrawal to be completed by the end of August was announced Friday night but the specific identity of the units was not disclosed until today.

The 3rd Battalion of the 9th Marines arrived at Da Nang March 8, 1965. From this point the American troop strength grew to a high of 543,000, including the 9th Infantry Division which entered the war Dec. 19, 1966.

The three units being withdrawn will total about 16,000 troops. Some of them will begin leaving before mid-July.

While attention centered on the first major U.S. withdrawal sharp fighting broke out in scattered sections of the country. The 2nd Brigade of the 9th Division lost four men killed and 22 wounded when it came under heavy attack while making a river assault 45 miles southeast of Saigon.

The biggest setback for U.S. troops came just east of the rugged A Shau Valley early today when 40 to 50 North Vietnamese sappers hurling dynamite bombs and grenades smashed their way to the perimeter of an American brigade headquarters.

Eleven paratroopers were killed in the attack on the 101st Airborne Division firebase. Another 47 were wounded. U.S. headquarters said 31 North Vietnamese soldiers died in the attack.

Troops of the 3rd Brigade of the U.S. 9th Division, the one that will remain in the war zone, also were involved in a sharp fight near their headquarters 28 miles southwest of Saigon. In an hour-long fight, 13 Viet Cong soldiers were killed. Four Americans were wounded, but none killed.

In four other significant actions reported across South Vietnam, 63 enemy soldiers were reported killed, while U.S. losses were put at one killed and 15 wounded.

Headquarters also reported about 20 rocket and mortar attacks on bases and towns overnight, including a 13-round mortar barrage that fell into a populated area 262 miles northeast of Saigon. Sixteen civilians were reported killed and 62 wounded.

U.S. headquarters said casualties and damage in the shellings were light.

The 9th Marine Regiment is now based at Vandegrift combat base, east of the old abandoned Khe Sanh comb base near the demilitarized zone. It has operated along the frontier area of the demilitarized zone and along the Laotian border and has been engaged in some of the biggest operations of the war.

It was not immediately clear whether the 9th Marines would return to Okinawa or to the United States.

A comunique from the headquarters of Gen. Creighton W. Abrams, commander of U.S. forces in Vietnam, did not spell out the redeployment except for one battalion of the 9th Division.

"The first combat unit to be replaced will be a battalion of the 9th Infantry Division," said the communique. "It is anticipated that this battalion composed of approximately 900 men, will be airlifted before mid-July to the continental United States for inactivation."

New Wiretapping Powers Claimed To Nip Disorders

WASHINGTON (AP) — The Nixon administration has claimed broad new powers to use wiretapping against organizations and persons it suspects of trying to "foment violent disorders" across the nation.

Moreover, the Justice Department contended Friday, the government does not have to secure court approval before installing electronic surveillance devices in such domestic cases.

In a memorandum filed in U.S. District Court in Chicago, the department admitted bugging at least five of eight anti-war demonstrators charged with conspiracy in connection with disorders during the 1968 Democratic National Convention in Chicago.

It said the wiretaps were designed to gather "foreign intelligence information" and to collect information "deemed necessary to protect the nation fro mattempts of domestic organizations to use unlawful means to attack and subvert the existing structure of the government."

Both types of surveillance, the government said, were perfectly legal and were carried out under "the inherent power of the President" to engage in any intelligence gathering operations he "believes are necessary to protect the security of the nation."

Such presidential authority, relegated to the attorney general, has long been recognized in cases of wiretapping for foreign intelligence purposes.

"There can be no doubt," the government said, "that there are in this country organizations which intend to use force and other illegal means to attack and subvert the existing form of our government.

"Moreover, in recent years,

Suspected Of Negligence

Board Cites Two Officers In Tragic Crash Of Ships

Lieutenants Ask, Receive Legal Help

Ramsey, Hopson Aren't Charged In Crash With Carrier

By The Associated Press

— Two junior lieutenants in charge of the U.S. destroyer Frank E Evans the morning she was cut in two by the Australian carrier Melbourne were told today they are suspected of negligence.

Lt. (j.g.) Ronald C. Ramsey, 24, Long Beach, Calif., and Lt. (j.g.) James R. Hopson, 28, Kansas City, Kan., requested and received legal counsel though they were advised by the joint U.S.-Australian board investigating the collision that they had not been charged.

Lt. Ramsey was in charge and Lt. Hopson was steering until a few moments before the collision last week in which 74 American sailors perished.

Ramsey's attorney, Lt. Frederick F. Tilton of the Navy's Judge Advocate General's staff, asked for a recess until Wednesday for evaluation of the testimony to date. The board granted a continuance until Monday and said he could ask for further time then, if needed.

Hopson then took the stand and gave testimony sharply at odds with that given earlier by the Melbourne's skipper, Capt. John P. Stevenson.

When Ramsey sat down before the board for the first time, the legal counsel told him, "You are suspected of having committed the offense of neglect hazarding a vessel of the armed forces."

It was he first such legal admonition at the hearing.

The board was called solely to determine the cause of the collision and has no punitive powers. It said Ramsey had the right to refuse to answer questions, to acquire a lawyer and to terminate his testimony at anytime.

When Ramsey's attorney, Tilton, a graduate of the University of South Dakota Law School, asked for a recess he also requested the right to review previous testimony by witnesses before the board.

The board said it had no authority to grant such a request.

Beaver Man Drowns In Heroic Cause

ALIQUIPPA, Pa. (AP)—Earl Bradley, a Negro steelworker from this Beaver County town, died Friday—just a day before his 22nd birthday.

Bradley drowned in the Ohio River trying to save a little girl he thought was drowning.

A companion said Bradley plunged into the river wearing his heavy work clothes and shoes when he thought he heard the girl cry for help.

As the steelworker was trapped and pulled under by a "rotating current," the little girl swam to shore and jumped into a station wagon with a woman and three other children. The four drove off, leaving Bradley's companion to run for help.

Bradley is survived by his wife and four children.

Crisp About Face Is Made By Pentagon

Decides Expert Can Testify Next Week In Spending Probe

WASHINGTON (AP) — The Pentagon, in a crisp about face, says a civilian efficiency expert who was ordered Friday to withhold testimony from a subcommittee probing defense spending will be available to the congressmen next week.

The subcommittee already has been informed that the expert, A .Ernest Fitzgerald, feels the practice of contract-supervising military officers later being employed by contractors or parent firms is "common enough to be our next national scandal."

When appearing before the Senate-House economic subcommittee Friday, Fitzgerald disclosed he had been ordered to withhold documents related to the Mark II electronics program for the F111 fighter-bomber and the C5A super jet transport. He said he didn't believe his material presented sensitive national security problems.

Chairman William E. Proxmire, D-Wis., promptly charged the witness was being "muzzled and shackled" by the Pentagon.

John L. McLucas, acting secretary of the Air Force, said Friday night that Fitzgerald would be made available to the subcommittee next Tuesday, or any other date, "to speak on matters within the area of his competence."

He defended the earlier decision to ask Fitzgerald not to provide further "partial information" pending a full departmental response to the request for information on contract matters.

"However, if you feel that a partial presentation of the information would be of assistance to the subcommittee," McLucas said in a letter to Proxmire, "we would be pleased, as we

Pompidou Favored

France To Elect President Sunday

PARIS (AP) — French voters have a one-day respite from speechmaking before choosing a successor to Gen. Charles de Gaulle in a runoff election Sunday.

De Gaulle's former prime minister, Georges Pompidou, is favored to win the presidential runoff against interim President Alain Poher.

Final polls showed Poher gaining slightly on Pompidou but still too far behind to have much hope of victory. The polls have given Pompidou 55 per cent or more of the votes expected to be cast, against 45 per cent or less for Poher.

Pompidou, backed by a large Gaullist majority in the National Assembly and by some influential defectors from the Centrist ranks, has campaigned on a promise of continuing political stability.

Poher, supported by politically conflicting Socialist and conservative groups whose main point of agreement was a common desire to remove the Gaullists from power, has based his campaign on the nation's "need for a change."

The candidates made their final radio and television appeals to the voters Friday night.

Pompidou used only 10 of his alloted 15 minutes on the state-run television network. He accused Poher of resorting to unjustified personal attacks and denigrating the institutions of De Gaulle's Fifth Republic as though France had existed for 10 years "under a regime of dictatorship and police terror."

Pompidou said it would be unseemly for anyone seeking the nations highest office to reply in the same tone. He pledged, if elected president, "to defend the national independence, the dignity of France."

He said: "I promise to remember the great lessons I learned in this respect from Gen. De Gaulle.

In an interview with radio Monte Carlo, Pompidou said his government would be prepared to cooperate with all French political groups except the Communist party, "which rejects our institutions," and the extreme right, "which dreams of a more or less fascist regime."

Poher promised to be "the president for all Frenchmen" with the backing of a "new political force" that would bring together all political groups except the Communists and the hard-core Gaullists.

Israel Spurns Soviet-Egypt Communique

Called For Return Of All Captured Arab Territory

TEL AVIV (AP) — The Middle East conflict seemed as far from a solution as ever today with Israel's firm rejection of the Soviet-Egyptian communique calling for return of all captured Arab lands.

Israelis had all along viewed with skepticism the Cairo talks between Soviet Foreign Minister Andrei A. Gromyko and Egyptian President Gamal Abdel Nasser.

Friday's joint communique saying there could be no peace settlement without total Israeli withdrawal from the territories captured in the 1967 war puts peace moves back to square one as far as the Israelis are concerned.

Political sources here believe Gromyko might have tried to get Nasser to take a softer line on the territory question.

But they point out that Nasser's power is based on his promise to return the lost land to the Arab nations.

Israel has never stated officially what parts of the captured territories she regards as negotiable.

Israeli Foreign Minister Abba Eban denounced the Cairo communique as "a deplorable document, with hostility in every line."

He said it called for a return "to the perilous and explosive armistice lines," and said: "Israel will never agree to put herself again in that position of peril and vulnerability. To do what Nasser and Gromyko propose is to invite certain war at an early date in conditions favorable to Israel's destruction."

House Passage Due Next Week

Surtax Extension Bill OK By June 30 Seen Doubtful

WASHINGTON (AP) — The senior Republican on the Senate Finance Committee says it is highly doubtful Congress can complete action on the 10 per cent surtax extension bill by June 30.

Noting that the House is not expected to pass the bill until late next week at the earliest, Sen. John J. Williams said: "They're not going to be allowing us much time for Senate consideration."

The Nixon administration is strongly urging the legislator to get the measure to the White House by midnight June 30, when the current 10 per cent surtax expires.

Williams said a number of matters could delay final action beyond the deadline, which is two weeks from Monday.

The Delaware Republican said it appeared the Senate would have only 10 days for Finance Committee and floor action and for a conference to settle any differences between the two houses.

Williams said he had advised Secretary of the Treasury David M. Kennedy it would be wise for the administration to seek a temporary resolution extending present income tax withholding rates 30 or 60 days beyond June 30 while Congress works out the extension measure.

At Council Session

Street Program Steps Scheduled

Council is scheduled to act Monday night on new enabling legislation for a $52,000 street program that calls for blacktop resurfacing of all of Avondale St. and improvement of sections of five other thoroughfares.

Solicitor J. Michael Kapp said he will present an ordinance authorizing the city to borrow money and issue notes to finance the project. The city will bear the entire cost, so there will be no assessements against property owners, he said.

—:—

IN ADDITION to Avondale St. between Bradshaw Ave. and St. Clair Ave., the program calls for blacktop resurfacing of Lincoln Ave. between Smith St. and St. Clair Ave.; Moore St., in the vicinity of the new high-rise apartment building; Green Ln.. a stretch about 150 to 200 feet long in the vicinity of the new post office; Smith St., and a section of State St., which connects Pennsylvania Ave. and the River Rd.

The contemplated project is separate from the city's annual low-cost summer street program, for which Council enacted legislation earlier. In the low-cost program, the administration has been authorized to contract for application of 10,000 square yards of new surfacing material and 245,000 square yards of seal-coating.

The low-cost program will be financed out of the new $5-a-year municipal auto tax, the solicitor said. Applications for participation in the low - cost program will be accepted until June 28 at the office of Safety-Service Director Robert E. Vodrey.

—:—

COUNCIL also will consider legislation eliminating the requirement for parking meter fees on Thursday nights.

Motorists now are required to pay for parking until 9 p. m. on Thursdays. The amendment to the meter ordinance will place the cut-off time for fees at 6 p.m. Thursday, the same as on the other five business days of the week.

Council agreed informally about a month ago to consider legislation eliminating the Thursday night fees.

The Thursday night meter fees have been required for years because at one time it was the one day on which stores stayed open late. Later, many stores began observing Monday night hours also, but the legislation was not amended to cover Monday nights also.

The proposed ordinance does not contain an emergency clause. That means there will be a 30-day wait before it becomes effective. If approved Monday night, the ordinance will take effect about July 17.

—:—

ANOTHER ordinance will be presented cutting from $10 to $2 the penalty for parking an auto in spots where the city's street sweeping machine is scheduled to work.

The $10 fine was set up in 1968. The penalty for a meter overtime parking ticket is $1—which goes to $2 automatically if it is not paid within 24 hours.

The motion to present the legislation for the reduction in the fine was approved at the May 19 meeting, but by a split vote that indicated it may run into trouble on the floor Monday night. There is no emergency claus, which means there would be a 30-day wait before the legislation went into effect.

Three Democrats supported the move to present the ordinance and three Republicans were opposed. President Norman Bucher, a Democrat, cast the tie-breaking vote.

Council also is slated to act on a resolution asking the County Election Board for a ballot place for a vote at the Nov. 4 general election on a proposed renewal of a half-mill levy to help finance garbage and trash collection service.

The tax for support of the incinerator department totals approximately 2½ mills but only the half-mill segment is due to expire. The legislation says the renewal would be in effect five years, starting with the 1969 tax year. The overall levy produces more than $100,000 a year for operation of the incinerator department.

—:—

AN ORDINANCE will be introduced confirming two additional changes in traffic regulations — an amendment to an omnibus measure approved in May.

It sets up one-way traffic, westbound only, on Franklin St. from Oak St. to Avondale St. The previous ordinance erroneously provided for east-bound traffic.

The ordinance also would ban parking on both sides of Dry Alley from Grove Alley to Walnut St.

Legislation also will be presented changing from $217.50 to $209.39 the amount to be paid to Robert L. Coy of Gonzales St. for damages to his auto March 21 when it was bumped by an incinerator department truck.

Meets With Assembly Leaders

Rhodes Set To Revitalize Education-Tax Plan Bid

COLUMBUS, Ohio (AP) — After first backing down under public pressure, it appeared today that Gov. James A. Rhodes intends to revitablize his campaign to push an education-tax package through the Ohio Legislature.

In a private meeting Thursday, House and Senate Republican leaders met for an hour-and-a-half with the governor to rehash the issues.

"The governor is going to reassert his positive role," a source said. "After he backed off, things were in a muddle for a long time. It looks like things are going to get moving again."

It apparently has been decided that the Republican leadership will push for a county-based income tax and possibly a business tax on the state level to finance public education the next two years.

A source at the meeting said although no decision was made on whether new state money is needed, his "guess is yes."

The possibilities discussed for new state revenue included:

—An increase in the present 3 per cent gross receipts tax on public utilities.

—A new look at the corporate franchise tax structure.

—An adjustment in the sales tax brackets. The tax would not increase, but more money could be raised if brackets were adjusted downward.

(For example, the one-cent tax could start at the first 10 cents of the purchase, instead of at the first 16 cents.)

—An increase in the state tax on liquor from $1 to $2 a gallon on wine, and pre-mixed cocktails from 18 cents to 50 cents a gallon.

Although it was not discussed, the source said the Senate bill to increase cigarette taxes from 7 to 10 cents a pack is another possibility.

Those reportedly attending the meeting from the Senate were Majority Leader Theodore M. Gray, R-3 Piqua; Majority Whip Michael J. Maloney, R-7 Cincinnati and Ralph S. Regula, R-29 Navarre.

House leaders in attendance were Speaker Charles F. Kurfess, R-4 Perrysburg; Majority Floor Leader Robert E. Levitt R-91 Canton; Finance Committee Chairman Ralph E. Fisher, R-24 Wooster; and Rep. E. W. Lampson, R-38 Jefferson, chairman of the Ways and Means Committee.

Also discussed at the meeting was whether the proposed county based income tax should be mandatory or permissive.

Rhodes reportedly wants it to be permissive. The administration bill originally included a permissive county income tax

Six Are Dead Or Missing In Crash Of Copter

SAN DIEGO, Calif. (AP) — Five Navy men and a civilian are dead or missing in the crash of a Navy helicopter on a mercy flight from the attack carrier Constellation to San Diego.

Two bodies were recovered before an air-sea search ended at sunset Friday. The other victims were listed as missing at sea.

The Navy said the big, turbo-powered helicopter crashed and sank at 1 a.m. Friday seven miles off the coast, after picking up a seriously injured sailor who had been blown off the Constellation's flight deck by a jet blast.

Searchers found the bodies of the pilot, Lt. Richard A. Fitzsimmons, 26, of Marengo, Ill., and Petty Officer 3.c. Larry R. Peterson, 27, of Chariton, Iowa.

Among the missing was the senior medical officer of the carrier, Capt. Andrew W. Stevenson, 45, of Coronado, Calif., who had been promoted to captain five hours before the flight.

Others missing were the injured sailor, Senior Chief Aviation Machinist's Mate James F. Dean, 47, San Diego; Lt. Leonard E. Goza Jr., 29, the co-pilot, of Anson, Tex., and Wayne Zarling, 35, Chula Vista, Calif., a civilian technical representative to the Navy.

Cause of the UH2C Sea Sprite crash was under investigation.

Reminder Given On Changes In Security Status

Residents of Columbiana County who are receiving monthly social security checks are reminded by Robert V. Harris, social security manager here, to report directly to the office on E. 5th St. any change of address or other events affecting continued receipt of their checks.

Reports may be made by mail (you may use the back of your check envelope for this), phone, or in person. Appropriate report forms are available at the office.

Harris said this reporting method enables the Social Security Office to take advantage of the increased capacity of its high speed communications circuits to transmit information to record centers.

Until recently, social security beneficiaries were encouraged to notify the Social Security Administration about the occurrence of these events by mailing pre-addressed postcard forms to a record center.

Events that affect receipt of monthly social security checks, in addition to address changes, are starting or stopping work (employment), marriage or remarriage in some instances, divorce and death.

Street Program Steps Scheduled

Council is scheduled to act Monday night on new enabling legislation for a $52,000 street program that calls for blacktop resurfacing of all of Avondale St. and improvement of sections of five other thoroughfares.

Solicitor J. Michael Kapp said he will present an ordinance authorizing the city to borrow money and issue notes to finance the project. The city will bear the entire cost, so there will be no assessements against property owners, he said.

—:—

IN ADDITION to Avondale St. between Bradshaw Ave. and St. Clair Ave., the program calls for blacktop resurfacing of Lincoln Ave. between Smith St. and St. Clair Ave.; Moore St., in the vicinity of the new high-rise apartment building; Green Ln., a stretch about 150 to 200 feet long in the vicinity of the new post office; Smith St., and a section of State St., which connects Pennsylvania Ave. and the River Rd.

WORLD ALMANAC FACTS

The "peace pipe" of North American Indians, called calumet by the French, was smoked at all ceremonial occasions, especially when concluding peace treaties. The 2½-foot pipe, decorated with feathers or women's hair, was offered as a symbol of friendship and its refusal was deemed an outrage. Emissaries and explorers used it as a guarantee of safe conduct.

Six Are Dead Or Missing In Crash Of Copter

SAN DIEGO, Calif. (AP) — Five Navy men and a civilian are dead or missing in the crash of a Navy helicopter on a mercy flight from the attack carrier Constellation to San Diego.

Two bodies were recovered before an air-sea search ended at sunset Friday. The other victims were listed as missing at sea.

The Navy said the big, turbo-powered helicopter crashed and sank at 1 a.m. Friday seven miles off the coast, after picking up a seriously injured sailor who had been blown off the Constellation's flight deck by a jet blast.

Searchers found the bodies of the pilot, Lt. Richard A. Fitzsimmons, 26, of Marengo, Ill., and Petty Officer 3.c. Larry R. Peterson, 27, of Chariton, Iowa.

Among the missing was the senior medical officer of the carrier, Capt. Andrew W. Stevenson, 45, of Coronado, Calif., who had been promoted to captain five hours before the flight.

Others missing were the injured sailor, Senior Chief Aviation Machinist's Mate James F. Dean, 47, San Diego; Lt. Leonard E. Goza Jr., 29, the co-pilot, of Anson, Tex., and Wayne Zarling, 35, Chula Vista, Calif., a civilian technical representative to the Navy.

Cause of the UH2C Sea Sprite crash was under investigation.

Reminder Given On Changes In Security Status

Residents of Columbiana County who are receiving monthly social security checks are reminded by Robert V. Harris, social security manager here, to report directly to the office on E. 5th St. any change of address or other events affecting continued receipt of their checks.

Reports may be made by mail (you may use the back of your check envelope for this), phone, or in person. Appropriate report forms are available at the office.

Harris said this reporting method enables the Social Security Office to take advantage of the increased capacity of its high speed communications circuits to transmit information to record centers.

Until recently, social security beneficiaries were encouraged to notify the Social Security Administration about the occurrence of these events by mailing pre-addressed postcard forms to a record center.

Events that affect receipt of monthly social security checks, in addition to address changes, are starting or stopping work (employment), marriage or remarriage in some instances, divorce and death.

Doctor Talks To Lions Club

"When I started my practice, house calls were $2, or about a day's wages. Now if you asked a man to pay a day's wages for a house call, he'd shoot you," Dr. John Fraser told the Lions Club members during their noon luncheon at the Travelers Hotel Friday.

He conceded that medical costs are rising, but not as rapidly as other costs or some wages.

"New machines cost a lot of money and these costs are reflected in patient care," he explained. "Also, the patient who pays his way also must pay for those who don't."

He discussed methods of diagnosis, equipment and talked briefly on surgery.

Dr. Fraser, who has delivered 5,704 babies, said 40 years ago one out of every 100 mothers was lost in childbirth. Today it is less than one out of every 1,000.

Dr. M. A. Alpern, program chairman for the month, introduced Dr. Fraser.

President Fred Kane announced that installation of officers would be held June 28 at the Travelers Hotel. He asked that the members help set up entertainment facilities for the pottery festival.

One Nun Killed, Another Injured In Auto Mishap

COLUMBUS, Ohio (AP)—Sister Suzanne Uhrane, president of Ohio Dominican College, was injured in a traffic accident near Belle Vernon, Pa., Friday night that claimed the life of another nun.

Killed in the accident on Interstate 70 east of Belle Vernon was sister Madonna Glaub, 34, who along with Sister Uhrane, 68, and two other nuns had been returning to St. Mary's of the Springs Convent here.

The Roman Catholic convent is on the Ohio Dominican campus.

Authorities reported the car in which the four were riding ran off the road, climbed an embankment and overturned. Sister Glaub died later in Pittsburgh's Mercy Hospital.

Injured along with Sister Uhrane were Sisters Kierah Quinn, 45, and Camilla Smith, 48.

3 Are Treated When Autos Hit

Three area women escaped serious injury in an accident on the Fairview Rd. near Chester Thursday at 3:15 p.m.

Teena Davis, daughter of Frank Davis of Chester, was the driver of a car that struck another driven by Mary M. Heinz of 549 Florida Ave., Chester Hancock County sheriff's deputies reported.

Two passengers in the Davis auto, Mrs. Alease Davis, the girl's mother, and Mrs. Darlene Marshall of 1048½ St. Clair Ave., East Liverpool, were treated and released at City Hospital.

Miss Davis was treated for bruises of the left leg.

The Davis auto was rounding a curve when the brakes failed.

The Davis auto went left of center and struck the Heinz auto.

Judy Huston To Reign As 'Dairy Princess'

Miss Judy Lynn Huston, 17, daughter of Mr. and Mrs. John Huston of Wellsville RD 1, has been named the 1969 Columbiana County "Dairy Princess."

Miss Huston, a 1969 graduate of Southern Local High School, resides on a 242-acre dairy farm in Madison Township, near Glasgow. She has been accepted at the East Liverpool Hospital School of Nursing, which she will enter as a student in the fall.

Judy has a brother James, a junior at Southern Local; a sister Kathy, a sophomore at Southern Local, and a brother Joseph, in the eighth grade at the Salineville Elementary Building.

She was active in the Future Nurses Club, was a member of the band and participated in other school activities.

Judy, a 4-H Club member for eight years, is active in the Buckeye Belles and is a member of the Columbiana County Junior Leader Club. She served as a 4-H camp counselor in 1968 and spent a week in Michigan as a "little IFYE," then hosted a Michigan 4-H'er for a week.

She has been in Columbus this week attending the Ohio 4-H Club Congress.

Judy is also a member of the Columbiana County Farm Bureau Youth Group and has attended schools sponsored by summer schools sponsored by the Ohio Farm Bureau Federation.

The dairy herd includes 27 head of Holsteins and Guernseys and 19 heifers and calves.

JUDY HUSTON
Wins County Honor.

In addition, the Huston farm has the usual pets — a horse with a colt less than two months old, a pony, two sheep, a dog, and, at present, six cats and 13 kittens.

Judy's chores consist of helping in the home and with the farm work.

She will represent Columbiana County in the state contest at Columbus June 20 and 21. The dairy princess competition is sponsored by the American Dairy Association.

Miss Sally Lindsey of New Waterford RD 1 was the 1968 "Dairy Princess."

U.S. Steel And Bank Bow To U.S.; Won't Fight Suits

By WILLIAM BARTON
Associated Press Writer

WASHINGTON (AP) — The nation's biggest steel company and second largest bank have decided to abide by the wishes of the government rather than battle civil antitrust suits—one filed and one threatened—by the Justice Department.

Both actions, a suit against U.S. Steel Corp. and a threatened complaint against First National City Corp., chalked up major victories for Asst. Atty. Gen. Richard W. McLaren, architect of the Nixon administration's tough antitrust enforcement policy.

The Justice Department filed an antitrust suit against U.S. Steel—the nation's tenth biggest corporation in terms of sales and eighth largest in assets—alleging the huge firm tried to monopolize sales of steel through reciprocal purchasing arrangements.

Simultaneously, the government announced a settlement under which U.S. Steel agreed to a 10-year ban on any reciprocal arrangements with its customers.

Meanwhile, the Justice Department, by threatening a suit won its first challenge to the burgeoning movement of banks toward forming one-bank holding companies.

As its first target, the government chose First National City Corp., parent of First National City Bank of New York City. The firm had announced its plans to merge with the Chubb Corp., a British-controlled holding company that runs seven U.S. insurance firms.

Although McLaren did not give the grounds for the pilot court action scheduled for Monday, First National withdrew from the proposed consolidation only two hours after the government disclosed its intentions.

"Long and disruptive litigation would not be in the best interests of stockholders, employes and customers," explained City Corp., which disclosed its plans to merge with Chubb last January.

Chubb, the American agent of a British insurance group, controls $376 million in assets and is the nation's leading insurer of aircraft, third leading ocean marine insurer, fifth in inland marine and 14th largest in property and casualty insurances.

The complaint against U.S. Steel marked only the second—and by far the largest—action yet taken on grounds of actual reciprocity, the practice whereby a company favors its customers with purchases.

Woman Free On Bond In Murder Indictment

CINCINNATI (AP)—Barbara Shutt, 23, substitute school teacher accused of slaying her foster mother, was freed under $20,000 bond Friday afternoon after the Hamilton County Grand Jury returned a first - degree murder indictment against her.

Bond was posted by the young woman's foster father, Charles Shutt.

Dr. Jane Shutt, 43, who adopted the young woman six years ago, was found shot and beaten to death in the basement of her home here on May 25.

Boys' State Eyes Strategy For Election

ATHENS, Ohio (AP) — Delegates to the American Legion's 32nd annual Buckeye Boys' State made final campaign plans and mapped last minute strategy as their two political parties worked earnestly today to round out their list of top candidates.

Before adjourning for the day Friday the Federalist and Nationalist parties each chose a high school senior who will carry their colors into Sunday's election for the 1969 governor of Boys State.

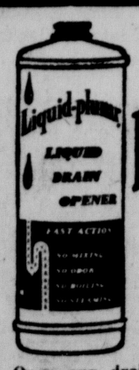

The Nationalists reached their decision on the third ballot by naming Stan P. Silverstein, 16, Findlay, as their candidate. The Federalists chose Wayne Feinstein, 16, Columbus, in a fourth ballot bid.

The Federalists also gave their approval to Levern Crosby 17, Sandusky, as their candidate for lieutenant governor.

Nationalists fought throughout the day and were forced to adjourn before making their choice for lieutenant governor.

Steering the two conventions today as they complete their party tickets were Kevin Smith, 16, Toledo, temporary Federalist party chairman, and William Foster, 16, Holgate, temporary chairman for the Nationalists.

Smith and Foster also won acceptance from their delegates on strikingly similar party platforms.

The next meeting will be June 26.

Railroad Injury Brings $800,000

YOUNGSTOWN, Ohio (AP)—A former railroad conductor and yard foreman was awarded $800,000 in personal injury damages Friday by a Mahoning County Common Pleas Court jury.

It was believed to be one of the biggest personal injury awards in Ohio's history. The jury of seven men and five women voted 10-2 on the damages.

Elias Svetichan, 45, of Struthers, lost his left leg in an industrial accident Feb. 8, 1966. He claimed that tubing in a switching yard worked itself loose, struck him and knocked him beneath a train which dragged him.

His suit was filed jointly against the Pittsburgh & Lake Erie Railroad, his former employer, and the Youngstown Sheet & Tube Co. The award granted Friday was expected to be appealed.

Svetichan had originally sued for $1.5 million. Jurors began deliberations in the case Wednesday afternoon and returned their verdict early Friday afternoon.

Woman Attains Master's Degree

Mrs. Joseph Carlson Jr., daughter of Mr. and Mrs. Charles Plate of Wellsville, has been graduated from Carnegie Mellon University at Pittsburgh with a master's degree in English.

Mrs. Carlson, the former Patricia Plate, was valedictorian of the 1958 class of Wellsville High School. She was graduated in 1962 from Carnegie Institute of Technology at Pittsburgh with degrees in English, technical writing and editing. After graduating from the institute, she did research at the Battelle Memorial Institute in Columbus. At the present she is a proposal coordinator at Carnegie Mellon.

Mr. and Mrs. Carlson and their son Kurt reside near Fox Chapel, Pittsburgh.

A surprise graduation party was held at her parents' home.

Pittsburgher Selected As Ambassador

PITTSBURGH (AP)—A Pittsburgh investment executive known as anadvocate of a strong North Atlantic Treaty Organization has been named by President Nixon as the next U.S. ambassador to Canada.

Adolph William Schmidt, 64, has been vice president of T. Mellon & Sons since the agency was formed in 1946 to handle the financial, industrial and civic activities of the prominent banking family.

Schmidt is married to the former Helen S. Mellon, a great niece of multimillionaire banker Andrew Mellon, who resigned as U.S. Treasury Secretary in 1932.

A trustee of the A. W. Mellon Educational and Charitable Trust, Schmidt joined Mellon Bank in 1929 after graduating from Princeton University and Harvard Business School.

As a delegate to the 1961 citizens conference on NATO in Paris, Schmidt proposed that the United States and Western Europe form a new community he called "Atlantica." He said the community could be formed through federal union, with each country maintaining some sovereignty.

Teacher Strike Ends, Aliquippa Schools To Open

ALIQUIPPA (AP) — Schools will reopen Monday in this Beaver County Community, ending a three week strike by members of the Aliquippa Education Association.

The school board agreed last night to rehire all teachers who had been fired because of the walkout. Board members also promised to provide for salary increases in the 1969-70 school budget, but said payment will depend on resolution of the 1947 state law banning strikes by public employes.

The board and teachers had agreed earlier on an undisclosed salary package, but the strike continued because the board claimed it could not grant pay hikes to teachers who had violated the state law.

Flag Pole Falls, Breaks Window

A small flag pole, apparently snapped by high wind, toppled through a 40-by-50-inch window Thursday night or Friday morning at the former high school building on E. 4th St., now occuplied by the Kent State University branch.

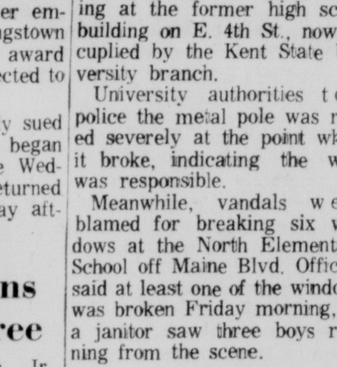

University authorities told police the metal pole was rusted severely at the point where it broke, indicating the wind was responsible.

Meanwhile, vandals were blamed for breaking six windows at the North Elementary School off Maine Blvd. Officers said at least one of the windows was broken Friday morning, as a janitor saw three boys running from the scene.

3 Are Treated When Autos Hit

Three area women escaped serious injury in an accident on the Fairview Rd. near Chester Thursday at 3:15 p.m.

Teena Davis, daughter of Frank Davis of Chester, was the driver of a car that struck another driven by Mary M. Heinz of 549 Florida Ave., Chester Hancock County sheriff's deputies reported.

Two passengers in the Davis auto, Mrs. Alease Davis, the girl's mother, and Mrs. Darlene Marshall of 1048½ St. Clair Ave., East Liverpool, were treated and released at City Hospital.

Miss Davis was treated for bruises of the left leg.

The Davis auto was rounding a curve when the brakes failed. The Davis auto went left of center and struck the Heinz auto.

Five Area Residents Get Geneva Degrees

Five Beaver County residents were among those receiving degrees during commencement Thursday at Geneva College, Beaver Falls.

They are Sharon M. Kerns, bachelor of arts in sociology; Thomas E. Noll and Robert G. Butterfield, both bachelor or science in business administration, all of Georgetown.

Joseph R. Sipp of Hookstown, bachelor of science degree in chemistry.

Mrs. Bettie Ann Jones of Shippingport, bachelor of science in business administration.

Judy Huston To Reign As 'Dairy Princess'

Miss Judy Lynn Huston, 17, daughter of Mr. and Mrs. John Huston of Wellsville RD 1, has been named the 1969 Columbiana County "Dairy Princess."

Miss Huston, a 1969 graduate of Southern Local High School, resides on a 242-acre dairy farm in Madison Township, near Glasgow. She has been accepted at the East Liverpool Hospital School of Nursing, which she will enter as a student in the fall.

Judy has a brother James, a junior at Southern Local; a sister Kathy, a sophomore at Southern Local, and a brother Joseph, in the eighth grade at the Salineville Elementary Building.

She was active in the Future Nurses Club, was a member of the band and participated in other school activities.

Judy, a 4-H Club member for eight years, is active in the Buckeye Belles and is a member of the Columbiana County Junior Leader Club. She served as a 4-H camp counselor in 1968 and spent a week in Michigan as a "little IFYE," then hosted a Michigan 4-H'er for a week.

She has been in Columbus this week attending the Ohio 4-H Club Congress.

Judy is also a member of the Columbiana County Farm Bureau Youth Group and has attended schools sponsored by summer schools sponsored by the Ohio Farm Bureau Federation.

The dairy herd includes 27 head of Holsteins and Guernseys and 19 heifers and calves.

JUDY HUSTON
Wins County Honor.

In addition, the Huston farm has the usual pets — a horse with a colt less than two months old, a pony, two sheep, a dog, and, at present, six cats and 13 kittens.

Judy's chores consist of helping in the home and with the farm work.

She will represent Columbiana County in the state contest at Columbus June 20 and 21. The dairy princess competition is sponsored by the American Dairy Association.

Miss Sally Lindsey of New Waterford RD 1 was the 1968 "Dairy Princess."

U.S. Steel And Bank Bow To U.S.; Won't Fight Suits

By WILLIAM BARTON
Associated Press Writer

WASHINGTON (AP) — The nation's biggest steel company and second largest bank have decided to abide by the wishes of the government rather than battle civil antitrust suits—one filed and one threatened—by the Justice Department.

Both actions, a suit against U.S. Steel Corp. and a threatened complaint against First National City Corp., chalked up major victories for Asst. Atty. Gen. Richard W. McLaren, architect of the Nixon administration's tough antitrust enforcement policy.

The Justice Department filed an antitrust suit against U.S. Steel—the nation's tenth biggest corporation in terms of sales and eighth largest in assets—alleging the huge firm tried to monopolize sales of steel through reciprocal purchasing arrangements.

Simultaneously, the government announced a settlement under which U.S. Steel agreed to a 10-year ban on any reciprocal arrangements with its customers.

Meanwhile, the Justice Department, by threatening a suit won its first challenge to the burgeoning movement of banks toward forming one-bank holding companies.

As its first target, the government chose First National City Corp., parent of First National City Bank of New York City. The firm had announced its plans to merge with the Chubb Corp., a British-controlled holding company that runs seven U.S. insurance firms.

Although McLaren did not give the grounds for the pilot court action scheduled for Monday, First National withdrew from the proposed consolidation only two hours after the government disclosed its intentions.

"Long and disruptive litigation would not be in the best interests of stockholders, employes and customers," explained City Corp., which disclosed its plans to merge with Chubb last January.

Chubb, the American agent of a British insurance group, controls $376 million in assets and is the nation's leading insurer of aircraft, third leading ocean marine insurer, fifth in inland marine and 14th largest in property and casualty insurances.

The complaint against U.S. Steel marked only the second—and by far the largest—action yet taken on grounds of actual reciprocity, the practice whereby a company favors its customers with purchases.

Woman Free On Bond In Murder Indictment

CINCINNATI (AP)—Barbara Shutt, 23, substitute school teacher accused of slaying her foster mother, was freed under $20,000 bond Friday afternoon after the Hamilton County Grand Jury returned a first - degree murder indictment against her.

Bond was posted by the young woman's foster father, Charles Shutt.

Dr. Jane Shutt, 43, who adopted the young woman six years ago, was found shot and beaten to death in the basement of her home here on May 25.

Boys' State Eyes Strategy For Election

ATHENS, Ohio (AP) — Delegates to the American Legion's 32nd annual Buckeye Boys' State made final campaign plans and mapped last minute strategy as their two political parties worked earnestly today to round out their list of top candidates.

Before adjourning for the day Friday the Federalist and Nationalist parties each chose a high school senior who will carry their colors into Sunday's election for the 1969 governor of Boys State.

The Nationalists reached their decision on the third ballot by naming Stan P. Silverstein, 16, Findlay, as their candidate. The Federalists chose Wayne Feinstein, 16, Columbus, in a fourth ballot bid.

The Federalists also gave their approval to Levern Crosby 17, Sandusky, as their candidate for lieutenant governor.

Nationalists fought throughout the day and were forced to adjourn before making their choice for lieutenant governor.

Steering the two conventions today as they complete their party tickets were Kevin Smith, 16, Toledo, temporary Federalist party chairman, and William Foster, 16, Holgate, temporary chairman for the Nationalists.

Smith and Foster also won acceptance from their delegates on strikingly similar party platforms.

Senior Citizens Complete Plans For Pottery Fete

Plans were completed for the Senior Citizens Day observance June 19 during the Pottery Festival at the weekly meeting of the East Liverpool Area Senior Citizens Thursday afternoon at the parish hall of St. Stephen's Episcopal Church.

Mrs. Margaret Datwyler, president, conducted the meeting, which was attended by 113.

A king and queen will be chosen from the Senior Citizens clubs who attend, with the afternoon program to begin at 2 at the parking lot of the Potters Bank and Trust Co.

Twenty-two members of the Senior Citizens Choir and four guests attended a luncheon Wednesday at the Holiday Inn, Waterford Park. The choir, under the direction of Mrs. Ann Osborn and Mrs. Nettie Schneidmiller, pianist, practiced for the festival program.

Mildred Rose resigned as supervisor of the group.

Oca Armstrong won the corsage and Evelyn Malkin the special prize. Readings on Father's Day were given by Mrs. Schneidmiller, Mrs. Lillian McKeever and Mrs. Edith Nichols.

Guests were Mrs. Ann Shepherd of Saskatchawan, Canada, Nina Fisher and Muriel Barlow, both of Columbus, and Eva Pittinger of East Liverpool.

Bonus Stamps Total $12,914 During May

LISBON — Columbiana County families in the food stamp program received bonus stamps worth $12,914.75 during May, according to Wilbur Warren, program supervisor.

His office reports 703 families with 1,969 persons benefitted from the program last month. They spent $26,021.25 of their own money for the stamps and, with the bonus issue, had a buying power of $38,936.

Persons interested in enrolling in the program may obtain particulars from Warren at the County Welfare Department building on E. Washington St. He will return Monday from his first vacation since taking the surplus food post about nine years ago.

Mrs. O. V. Boone read a poem relating to the flag.

Mrs. Claude Laughlin screened pictures of Hookstown, Georgetown and Shippingport. Mrs. Glenn Mason told of a recent visit to Bamberg, S.C., where they visited the Virgil Septer family, former Hookstown residents. A letter was read from Mrs. Dwight Glass, who is visiting in Ft. Lauderdale, Fla.

A picnic is planned for July 23 at the home of Mrs. Boone. Hostesses were Mrs. Harold Green and Mrs. Glenn Mason.

Stokes Cancels TV Talk Due To Tension

CLEVELAND, Ohio (AP) — Cleveland Mayor Carl B. Stokes has canceled a national television appearance scheduled for Sunday because of racial tensions in the city.

Stokes was one of several big-city mayors who were to appear on a special hour-long "Meet the Press" program being aired from Pittsburgh at 12:30 p. m. Sunday.

The Cleveland mayor reportedly told Lawrence Spivak, producer of the show, that there have been racial disturbances and "all indications are that this weekend could be a troublesome one."

Stokes said he planned to stay in the city over the weekend.

The next meeting will be June 26.

Railroad Injury Brings $800,000

YOUNGSTOWN, Ohio (AP)—A former railroad conductor and yard foreman was awarded $800,000 in personal injury damages Friday by a Mahoning County Common Pleas Court jury.

It was believed to be one of the biggest personal injury awards in Ohio's history. The jury of seven men and five women voted 10-2 on the damages.

Elias Svetlichan, 45, of Struthers, lost his left leg in an industrial accident Feb. 8, 1966. He claimed that tubing in a switching yard worked itself loose, struck him and knocked him beneath a train which dragged him.

His suit was filed jointly against the Pittsburgh & Lake Erie Railroad, his former employer, and the Youngstown Sheet & Tube Co. The award granted Friday was expected to be appealed.

Svetichan had originally sued for $1.5 million. Jurors began deliberations in the case Wednesday afternoon and returned their verdict early Friday afternoon.

Woman Attains Master's Degree

Mrs. Joseph Carlson Jr., daughter of Mr. and Mrs. Charles Plate of Wellsville, has been graduated from Carnegie Mellon University at Pittsburgh with a master's degree in English.

Mrs. Carlson, the former Patricia Plate, was valedictorian of the 1958 class of Wellsville High School. She was graduated in 1962 from Carnegie Institute of Technology at Pittsburgh with degrees in English, technical writing and editing. After graduating from the institute, she did research at the Battelle Memorial Institute in Columbus. At the present she is a proposal coordinator at Carnegie Mellon.

Mr. and Mrs. Carlson and their son Kurt reside near Fox Chapel, Pittsburgh.

A surprise graduation party was held at her parents' home.

Pittsburgher Selected As Ambassador

PITTSBURGH (AP)—A Pittsburgh investment executive known as anadvocate of a strong North Atlantic Treaty Organization has been named by President Nixon as the next U.S. ambassador to Canada.

Adolph William Schmidt, 64, has been vice president of T. Mellon & Sons since the agency was formed in 1946 to handle the financial, industrial and civic activities of the prominent banking family.

Schmidt is married to the former Helen S. Mellon, a great niece of multimillionaire banker Andrew Mellon, who resigned as U.S. Treasury Secretary in 1932.

A trustee of the A. W. Mellon Educational and Charitable Trust, Schmidt joined Mellon Bank in 1929 after graduating from Princeton University and Harvard Business School.

As a delegate to the 1961 citizens conference on NATO in Paris, Schmidt proposed that the United States and Western Europe form a new community he called "Atlantica." He said the community could be formed through federal union, with each country maintaining some sovereignty.

Teacher Strike Ends, Aliquippa Schools To Open

ALIQUIPPA (AP) — Schools will reopen Monday in this Beaver County Community, ending a three week strike by members of the Aliquippa Education Association.

The school board agreed last night to rehire all teachers who had been fired because of the walkout. Board members also promised to provide for salary increases in the 1969-70 school budget, but said payment will depend on resolution of the 1947 state law banning strikes by public employes.

The board and teachers had agreed earlier on an undisclosed salary package, but the strike continued because the board claimed it could not grant pay hikes to teachers who had violated the state law.

Flag Pole Falls, Breaks Window

A small flag pole, apparently snapped by high wind, toppled through a 40-by-50-inch window Thursday night or Friday morning at the former high school building on E. 4th St., now occuplied by the Kent State University branch.

University authorities told police the metal pole was rusted severely at the point where it broke, indicating the wind was responsible.

Meanwhile, vandals were blamed for breaking six windows at the North Elementary School off Maine Blvd. Officers said at least one of the windows was broken Friday morning, as a janitor saw three boys running from the scene.

Penalties Fixed In Driving Cases

LISBON — George E. Todd, 29, of 1003 Church St., East Liverpool, paid a fine of $15 and costs Friday in Columbiana County Southwest Court after signing a waiver of trial on a speeding charge.

Elmer S. Clark, 67, of Salineville RD 1, cited for driving left of center, also signed a waiver and was fined $10 and costs.

Two drivers forfeited appearance bonds: Howard A. Leith, 50, Wellsville RD 1, 3,120-pound overload, $61, and Gregory J. Gottschalk, 21, of Carnegie, Pa., passing at hill crest, $20.

Judge Raymond S. Buzzard of Common Pleas Court this week assigned Judge Edward Greenamyer of County Northwest Court at Salem to preside in Southwest Court here while Judge J. L. MacDonald is on vacation.

Hamilton Gets Degree From Ohio Wesleyan

An East Liverpool resident was among those receiving degrees during commencement exercises at Ohio Wesleyan University at Delaware.

He is Amos D. Hamilton, son of Mr. and Mrs. L. W. Hamilton of 1611 Pennsylvania Ave.

He was awarded a bachelor of music degree.

Judge Sets Aside Sentence, Fixes Penalty Instead

LISBON — Judge Louis Tobin of Juvenile Court suspended a state reformatory sentence Thursday for a 16-year-old East Liverpool youth, one of three who admitted setting fire to a car near Grimms Bridge. Cases against the two others have been disposed of.

The youth was fined $50 and ordered to pay another $100 to be turned over to the Child Counseling Center. The court suspended his driver's license for six months and set a 9 p.m. curfew for the next four months.

Larry Knepper of Leetonia, an adult, was fined $250 and placed on probation for an unnatural sex act with a 14-year-old boy. The judge ordered him to continue psychiatric treatments and not to associate with boys.

A Lesson In Ecology

Something is going on in the Pacific Ocean that proves researchers and scientists are not just crying: Wolf! Wolf! when they warn of the extreme danger that can result from upsetting an area's econolgy.

The runaway population of a once-rare starfish is threatening some of the Pacific's coral reefs and the island they surround.

THE STARFISH, which goes by the nickname "The Crown of Thorns," already has destroyed 100 square miles of Australia's famed Great Barrier Reef and is killing coral along Guam's coastline.

Infestation of waters around other Pacific islands has been reported.

The starfish eat the living coral by extending a digestive sac over a coral formation. As this occurs over a large section, the reef breaks up.

No one knows precisely what has caused the starfish population boom. Some scientists speculate that the natural enemy of the starfish which limited its population has been eliminated by radiation from nuclear tests in the Pacific, DDT or other pesticides.

Another theory is that dredging along the reefs shifted the starfish away from the live coral that normally held the population in check by consuming microscopic starfish larvae.

At any rate, the starfish is attacking the coral reefs at a pace fast enough to worry both scientists and government officials.

DR. RAYMOND FOSBERG of the Smithsonian Institution describes the situation as a "real disaster." He says: "We're not only going to lose the coral but everything that depends on them" — refering to the many species of fish that provide food for inhabitants of the Pacific islands.

The starfish problem is serious enough that a science-government team is leaving on an expedition next month to study it and see what can be done.

The ecological significance of the starfish story is valuable and timely as man seeks to understand and protect his environment.

The Northwest Passage

The possibility of the "Northwest Passage" coming into being, after all these years since Columbus sighted America, is intriguing.

If it happens, and ESSO is gambling $30 million that it will, it will be due to a combination of factors: the discovery of vast oil fields at the northern edge of Alaska, the need to get the oil to the refineries in the lower 48 states and Yankee ingenuity in "finding" a navigable route and building improved icebreakers capable of navigating through the ice fields.

Esso hopes to start the run through the Passage next month with the super tanker "Manhattan" if it is ready for the journey by then. The ship's prow angle is believed to be from 40 to 70 per cent more efficient at breaking ice than any craft ever built. It will be armored with 1½ to 2 inches of hard steel.

The potential of this route is tremendous in terms of world trade as it is shorter than the Panama Canal and Suez routes.

The major obstacles, of course, remains the ice and cold weather of the Far North. The oil industry believes it can overcome these obstacles. We hope it is right.

But in the event of failure, the industry might spend some of its research funds to hasten the development of lasers.

If the ships could be equipped with powerful lasers capable of melting the ice in front of them, the oil companies would, as the saying goes, "have it made." J

Delicate Game Of Control

The newest "muddling-through" exercise in England is a movement to make gambling respectable.

Overseeing the campaign will be England's first Director of the Gaming Board, Stanley Raymond, a former Scotland Yard man.

PARLIAMENT LIBERALIZED gaming laws in 1960 and gambling mushroomed. Casinos sprouted everywhere. Slot machines appeared in every bar. Bingo boomed.

In 1967, the House of Lords said the gambling epidemic was out of hand and decided to take action to oust the underworld. The goal was to clean up gambling and give everybhdy an equal chance of winning.

A mock casino has been set up to train detectives how to spot all types of cheating. To demonstrate the finer points of cheating, ex-croupiers have been hired as instructors.

The whole program becomes operative next year when Gaming Board regulations go into effect requiring each casino to be properly licensed and employes registered.

Rules and procedures for all games have been standardized and Gaming Board detectives will see that they are carried out.

Ultimately, the board wants to establish the margin of permissible profit for all gambling.

THE DRAWBACK in the English search for fair play at the gaming tables is the delicate matter of Britain's financial position and the need for currency brought in by foreign visitors.

The trick, you see, is to keep gambling under control without killing it off and losing all that tourist business.

It's a matter of priority. If too many casinos close up shop watch the interest in fair play decline in a hurry.

Worthy Salute

Perhaps it doesn't really make a lot of difference today, in 1969, whether man has inhabited the Western Hemisphere for 10,000 years or, as is now indicated, for 15,000 years.

But the fact that our scientific knowledge and technology have advanced to the point that we can determine accurately how long we've been present in the hemisphere is a testimonial to the rapid development of our scientific abilities.

Deep natural tar pits in California have given up prehistoric animal bones which bear saw cuts made by a human being using primitive stone tools. The age of the bones was determined by carbon radioactivity tests.

If nothing else, the new knowledge may force the rewriting of some of our textbooks. This process goes on, fortunately, from year to year, as we strive to know ourselves, our history and our origins better.

Besides, it keeps our encyclopedia makers busy.

Onlookers Stay Home!

By Art Buchwald

WASHINGTON — The thing about flying a lot is that you have plenty of time on the ground at airports to think about it. I have been making a personal study of airport congestion, and I believe I know how to solve the problem.

Art Buchwald

Airport congestion, particularly in the spring and summertime, is not caused by people who fly, but rather by people who come to the airport to see other people off.

For every person with a ticket to another destination, there are five standing around who have no place to go.

I DON'T REMEMBER when I became aware of this, but it must have been several months ago when I was taking a flight to Joplin. There must have been 200 people standing at the gate, and I had no idea how we were all going to fit in the plane, which was a DC-3. But when our flight was called, only four of us got in the plane. The rest stood there waving handkerchiefs and holding their children on their shoulders.

As anyone who travels by air knows, the lineup on the highway to the airport can be bumper to bumper, and the parking lots are jammed with cars of people seeing other people off. It's gotten so bad that you can be within 500 yards of the airport an hour before flight time and still miss your plane.

The solution to the problem is quite simple: A law should be passed prohibiting anyone from going to an airport who doesn't have a plane ticket.

NOW I KNOW this sounds like harsh medicine, as people like to see their loved ones take off and arrive. But at the same time, if you have to make a choice between those who are trying to take a plane as against those who are only there to wave goodby, you must be on the side of the bona fide traveler.

The reason why I believe my plan will work is that I've been taking a survey among people at airports who have been seeing other people off, and it turned out that 70 per cent of them rally didn't want to be there.

At Kennedy Airport, where most of the flights go to Europe, one man said, "My brother-in-law and sister-in-law insisted we see them off so we could eat our hearts out."

A woman at Washington National said, "I hang around the airport because it's the only time my husband sees the children."

A man at Los Angeles International Airport said bitterly, "My mother-in-law insisted we see her off so she wouldn't have to tip a porter."

OF COURSE, there are going to be some hardship cases if my plan is adopted. For example, the other day I was on my way to Atlanta and I saw a man and woman at my gate in tearful embrace. My heart went out to both of them. He was leaving and she was crying, and I thought to myself how cruel it would have been if the woman wasn't permitted to come to the airport to say goodby.

But then we took off and two hours later when our plane landed in Atlanta another woman ran up to the same man and kissed him passionately with tears running from her eyes. As I looked at the scene I decided "The hell with it. Let's pass the law."

Odd Facts

A variety of languages are "offficially" spoken in Switzerland, where about 72 per cent of the people employ the German language, 20 per cent speak French, 6 per cent Italian, and the remainder speak Romansch and other languages and dialects.

The average length of life in China is only about half that of the United States, life expectancy there being limited because of inadequate nutrition and public health services.

Every Little Bit Helps!

VICTOR RIESEL

Antidote For 'Campus-itis'

WASHINGTON — There are those with a subtle sense of permissive whimsy who consider SDS worskshops in violence, explosives, sabotage, jamming radio equipment, the dropping of homemade bombs down manholes and general industrial disruption as youthful exuberance and disdain for the status quo.

Victor Riesel

But labor leaders are not men of whimsy. They have been studying SDS "thoughts." They have been analyzing revolutionary students' documents labeled: "Work-In, A National SDS Summer Project" and "The Work-In Organizers' Manual." And in the jargon of the union hall, labor leaders, those who are polished and those who are still in the rough, plan to give the provocateur work-in summer rebels a thorough workout.

Some, such as Maurice Hutcheson, an almost anonymous national AFL-CIO vice president who also heads the Carpenters, say, "union leaders won't run from the threat of the confrontation . . . and head-knocking may become inevitable."

Other union chiefs, whose industrial jurisdictions are specifically pinpointed in the SDS summer Organizers' Manual, urge their members to keep "cool" and attempt to spot the young self-proclaimed pro-Maoist and pro-Castro radicals. Joe Beirne, leader of the Communications Workers of America (AFL-CIO) has told his people that "if the instigators run up against groups and individuals intelligent enough and cool enough to deny them both a confrontation and an incident, they will be stripped of their most accomplished weapons."

MR. BEIRNE REPORTED to his 400,000 followers that the SDS has chosen telephone companies as one of the basic "work-in" targets. This genial Irishman, one of the AFL-CIO's most talented strategists, not famous for running from a fight, nonetheless asked his people not to overreact. And to be especially careful of race conflict. The SDS instructions, says Mr. Beirne, call for provoking a racial happening.

Union men whose followers operate another prime SDS target—the nation's railroads—also told their people to be alert. The work-in was given a going-over at a recent meeting of the Railway Labor Eexcutives Assn. (a chiefs-of-staff union unit). Union chairmen on each line will watch for the youngsters.

Generally no prodding is needed to inspire an intellectual snort from labor leaders. But now the reaction comes even more swiftly than usual. Whether it's the nation's "Mr. Labor" himself, George Meany, AFL-CIO president, or Frank Fitzsimmons, the Teamsters' acting president, union chiefs are saying that no unionized installation will be taken as have college campuses. Labor leaders won't be as skittish as college presidents and faculty members.

There now can be no doubt and no misunderstanding, says one national union leader about "our position."

"We want no disruption," he adds. "We want no violence, no wage-consuming ersatz picket lines, no stage-managed incidents. We want no explosion ripping up parts of a plant in which our people are working. If these avowed rebels threaten the industrial peace we'll simply beat the hell out of them—youth or no youth."

At least with this man there is no euphemism. He points to the SDS Organizers' Manual. He quotes a section which says that "jobseekers should try to get hired in plants or transport depots that have several hundreds (let's say a 400-minimum) workers. . . ."

SUCH MEN AS Joe Beirne or the dynamic Charles Luna, president of the newly merged United Transportation Union (AFL-CIO) (railroad workers) see far more in the SDS manuals than a youthful rehearsal for summer soldiers of a playful revolution.

Tht Beirnes and the Lunas well know the saga of undisciplined American radicalism—of both the gaslight and the campus eras. The SDS is made up of old and new revoluionists. There are the Trotskyites who first larded the American Labor Movement with scientific mass violence (the old Midwest teamsters). Today's young "Trots" are powerful in SDS high councils.

There is the Progressive Labor Party faction. Powerful, too.

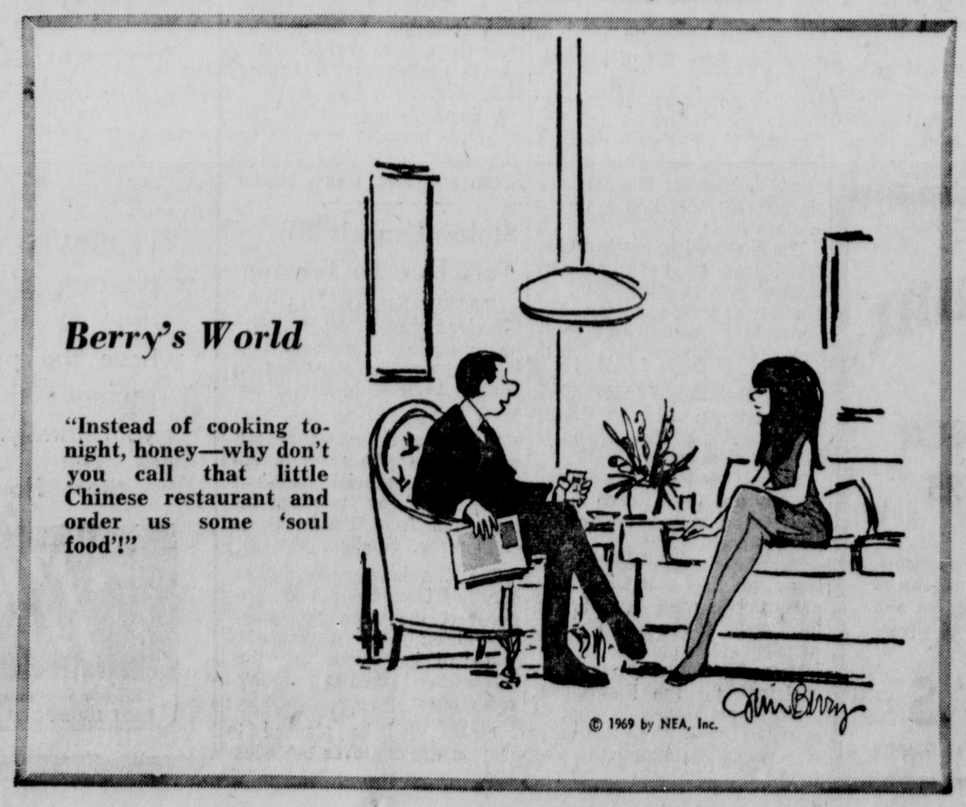

There are Castroites practicing guerrilla tactics. And there is the pro-Moscow youth leadership.

THESE FACTIONS COMPETED with each other at the SDS workshops in violence and explosives at recent national conventions and gatherings. Each is preparing even more violent and explosive documents for this summer's national convention.

Each caucus wants to control the SDS "interorganizational Secretary" responsible "for developing liaisons between SDS and labor unions (both blue and white collar). . . ."

These are the forces which led the college squads into action — violence from which flashed fires, explosions and Marquis de Sad destruction of fine art and irreplaceable documents.

Even if there is no SDS industrial violence this summer, the union chiefs will find little comfort. The SDS Organizers' Manual directs its youth to assimilate first, then as the summer slips away, the instructions are to denounce union leadership where the plants are organized. Where there is no union, the employer is to be assailed either as racist or a hawkish war profiteer—or both. Then the racial happenings are to be staged in the final days so bitterness will linger as one of the SDS summer work-in accomplishments.

A Protest Conspiracy

WASHINGTON — A strange document was released on Tuesday by the National Commission on the Causes and Prevention of Violence, but without comment or evaluation of the content. It was produced by a special "study group" headed by a professor at the University of California at Berkeley who is himself an activist in the current controversies.

The new "study" refers to "official violence" and blames J. Edgar Hoover, director of the Federal Bureau of Investigation, for having helped spread the view among police that mass protests are part of a conspiracy promulgated by agitators, often Communists, "who misdirect otherwise contented people."

The "study group" issues a warning against police techniques and puts the responsibility on the police themselves for the increase in disturbances. The reason given is that the police frequently do not distinguish "dissent" from "subversion."

BUT ONE WONDERS what the police are supposed to do when students seize buildings, or when demonstrators block traffic, or when private property is invaded. Are they to regard the protestors' point of view on current questtions as paramount and disregard the need for maintenance of law and order?

Perhaps the national commission did not make a comment because it had issued on Monday of this week an official policy statement in an interim appraisal of campus disorders. It reads in part:

"A small but determined minority aims not at reform but at the destruction of existing stitutions. These are the nihilists. They resort to violent disruption as the means best suited to achieve their ends. By dramatic tactics of terror, they have focused widespread public attention upon themselves and have often induced university authorities either to surrender or to meet force with force. When they have managed on occasion to provoke counterforce to an excessive degree, they have succeeded in enlisting the sympathies of the more moderate campus majority.

"They are the agent that converts constructive student concern into mindless mob hysteria. They are the chief danger to the university and its basic values."

As for the use of the word "nihilists," if one consults Webster's dictionary, it will be found that the original nihilists were members of a party in Russia which had a program "advocating revolutionary reform and using terrorism and assassination."

Another definition of "nihilism" is that it is a belief that "conditions in the social organization are so bad as to make destruction desirable for its own sake independent of any constructive program or possibility."

So when the national commission describes some of the protestors as "nihilists," it is paralleling what the chief of the FBI did when he said there have been some Communist agitators involved in the riots. Certainly evidence to this effect has been presented before congressional committees, and members of Congress have made speeches pointing out the Communist relationships with some of the disorders.

INCIDENTALLY, in the city of Minneapolis an election was held this week in which Charles Stenvig, a police detective, with no experience in politics, was elected mayor by an overwhelming vote on an independent ticket. His campaign was based on a tough law-and-order stand in a city that has had relatively little racial trouble. The fact that an independent candidate with a background as a police officer can win such an election is a clear indication of the trend of public opinion today.

Despite all the intellectualisms and abstract statements about dissent, with and without violence, the American people clearly recognize that it is the duty of the police to protect the rights of university students who are not participants in the "protests" and the rights of citizens of a community who are not in any way involved in the "demonstrations." The nation will not be diverted from this beliew by gneralized statements that the law-enforcement agencies of federal, state or local governments have suddenly arrogated to themselves powers which they should not eexrcise.

A Lesson In Ecology

Something is going on in the Pacific Ocean that proves researchers and scientists are not just crying: Wolf! Wolf! when they warn of the extreme danger that can result from upsetting an area's econolgy.

The runaway population of a once-rare starfish is threatening some of the Pacific's coral reefs and the island they surround.

THE STARFISH, which goes by the nickname "The Crown of Thorns," already has destroyed 100 square miles of Australia's famed Great Barrier Reef and is killing coral along Guam's coastline.

Infestation of waters around other Pacific islands has been reported.

The starfish eat the living coral by extending a digestive sac over a coral formation. As this occurs over a large section, the reef breaks up.

No one knows precisely what has caused the starfish population boom. Some scientists speculate that the natural enemy of the starfish which limited its population has been eliminated by radiation from nuclear tests in the Pacific, DDT or other pesticides.

Another theory is that dredging along the reefs shifted the starfish away from the live coral that normally held the population in check by consuming microscopic starfish larvae.

At any rate, the starfish is attacking the coral reefs at a pace fast enough to worry both scientists and government officials.

DR. RAYMOND FOSBERG of the Smithsonian Institution describes the situation as a "real disaster." He says: "We're not only going to lose the coral but everything that depends on them" — refering to the many species of fish that provide food for inhabitants of the Pacific islands.

The starfish problem is serious enough that a science-government team is leaving on an expedition next month to study it and see what can be done.

The ecological significance of the starfish story is valuable and timely as man seeks to understand and protect his environment.

The Northwest Passage

The possibility of the "Northwest Passage" coming into being, after all these years since Columbus sighted America, is intriguing.

If it happens, and ESSO is gambling $30 million that it will, it will be due to a combination of factors: the discovery of vast oil fields at the northern edge of Alaska, the need to get the oil to the refineries in the lower 48 states and Yankee ingenuity in "finding" a navigable route and building improved icebreakers capable of navigating through the ice fields.

Esso hopes to start the run through the Passage next month with the super tanker "Manhattan" if it is ready for the journey by then. The ship's prow angle is believed to be from 40 to 70 per cent more efficient at breaking ice than any craft ever built. It will be armored with 1½ to 2 inches of hard steel.

The potential of this route is tremendous in terms of world trade as it is shorter than the Panama Canal and Suez routes.

The major obstacles, of course, remains the ice and cold weather of the Far North. The oil industry believes it can overcome these obstacles. We hope it is right.

But in the event of failure, the industry might spend some of its research funds to hasten the development of lasers.

If the ships could be equipped with powerful lasers capable of melting the ice in front of them, the oil companies would, as the saying goes, "have it made." J

Delicate Game Of Control

The newest "muddling-through" exercise in England is a movement to make gambling respectable.

Overseeing the campaign will be England's first Director of the Gaming Board, Stanley Raymond, a former Scotland Yard man.

PARLIAMENT LIBERALIZED gaming laws in 1960 and gambling mushroomed. Casinos sprouted everywhere. Slot machines appeared in every bar. Bingo boomed.

In 1967, the House of Lords said the gambling epidemic was out of hand and decided to take action to oust the underworld. The goal was to clean up gambling and give everybhdy an equal chance of winning.

A mock casino has been set up to train detectives how to spot all types of cheating. To demonstrate the finer points of cheating, ex-croupiers have been hired as instructors.

The whole program becomes operative next year when Gaming Board regulations go into effect requiring each casino to be properly licensed and employes registered.

Rules and procedures for all games have been standardized and Gaming Board detectives will see that they are carried out.

Ultimately, the board wants to establish the margin of permissible profit for all gambling.

THE DRAWBACK in the English search for fair play at the gaming tables is the delicate matter of Britain's financial position and the need for currency brought in by foreign visitors.

The trick, you see, is to keep gambling under control without killing it off and losing all that tourist business.

It's a matter of priority. If too many casinos close up shop watch the interest in fair play decline in a hurry.

Worthy Salute

Perhaps it doesn't really make a lot of difference today, in 1969, whether man has inhabited the Western Hemisphere for 10,000 years or, as is now indicated, for 15,000 years.

But the fact that our scientific knowledge and technology have advanced to the point that we can determine accurately how long we've been present in the hemisphere is a testimonial to the rapid development of our scientific abilities.

Deep natural tar pits in California have given up prehistoric animal bones which bear saw cuts made by a human being using primitive stone tools. The age of the bones was determined by carbon radioactivity tests.

If nothing else, the new knowledge may force the rewriting of some of our textbooks. This process goes on, fortunately, from year to year, as we strive to know ourselves, our history and our origins better.

Besides, it keeps our encyclopedia makers busy.

Onlookers Stay Home!

By Art Buchwald

WASHINGTON — The thing about flying a lot is that you have plenty of time on the ground at airports to think about it. I have been making a personal study of airport congestion, and I believe I know how to solve the problem.

Art Buchwald

Airport congestion, particularly in the spring and summertime, is not caused by people who fly, but rather by people who come to the airport to see other people off.

For every person with a ticket to another destination, there are five standing around who have no place to go.

I DON'T REMEMBER when I became aware of this, but it must have been several months ago when I was taking a flight to Joplin. There must have been 200 people standing at the gate, and I had no idea how we were all going to fit in the plane, which was a DC-3. But when our flight was called, only four of us got in the plane. The rest stood there waving handkerchiefs and holding their children on their shoulders.

As anyone who travels by air knows, the lineup on the highway to the airport can be bumper to bumper, and the parking lots are jammed with cars of people seeing other people off. It's gotten so bad that you can be within 500 yards of the airport an hour before flight time and still miss your plane.

The solution to the problem is quite simple: A law should be passed prohibiting anyone from going to an airport who doesn't have a plane ticket.

NOW I KNOW this sounds like harsh medicine, as people like to see their loved ones take off and arrive. But at the same time, if you have to make a choice between those who are trying to take a plane as against those who are only there to wave goodby, you must be on the side of the bona fide traveler.

The reason why I believe my plan will work is that I've been taking a survey among people at airports who have been seeing other people off, and it turned out that 70 per cent of them rally didn't want to be there.

At Kennedy Airport, where most of the flights go to Europe, one man said, "My brother-in-law and sister-in-law insisted we see them off so we could eat our hearts out."

A woman at Washington National said, "I hang around the airport because it's the only time my husband sees the children."

A man at Los Angeles International Airport said bitterly, "My mother-in-law insisted we see her off so she wouldn't have to tip a porter."

OF COURSE, there are going to be some hardship cases if my plan is adopted. For example, the other day I was on my way to Atlanta and I saw a man and woman at my gate in tearful embrace. My heart went out to both of them. He was leaving and she was crying, and I thought to myself how cruel it would have been if the woman wasn't permitted to come to the airport to say goodby.

But then we took off and two hours later when our plane landed in Atlanta another woman ran up to the same man and kissed him passionately with tears running from her eyes. As I looked at the scene I decided "The hell with it. Let's pass the law."

Odd Facts

A variety of languages are "offficially" spoken in Switzerland, where about 72 per cent of the people employ the German language, 20 per cent speak French, 6 per cent Italian, and the remainder speak Romansch and other languages and dialects.

The average length of life in China is only about half that of the United States, life expectancy there being limited because of inadequate nutrition and public health services.

Every Little Bit Helps!

VICTOR RIESEL

Antidote For 'Campus-itis'

WASHINGTON — There are those with a subtle sense of permissive whimsy who consider SDS worskshops in violence, explosives, sabotage, jamming radio equipment, the dropping of homemade bombs down manholes and general industrial disruption as youthful exuberance and disdain for the status quo.

Victor Riesel

But labor leaders are not men of whimsy. They have been studying SDS "thoughts." They have been analyzing revolutionary students' documents labeled: "Work-In, A National SDS Summer Project" and "The Work-In Organizers' Manual." And in the jargon of the union hall, labor leaders, those who are polished and those who are still in the rough, plan to give the provocateur work-in summer rebels a thorough workout.

Some, such as Maurice Hutcheson, an almost anonymous national AFL-CIO vice president who also heads the Carpenters, say, "union leaders won't run from the threat of the confrontation . . . and head-knocking may become inevitable."

Other union chiefs, whose industrial jurisdictions are specifically pinpointed in the SDS summer Organizers' Manual, urge their members to keep "cool" and attempt to spot the young self-proclaimed pro-Maoist and pro-Castro radicals. Joe Beirne, leader of the Communications Workers of America (AFL-CIO) has told his people that "if the instigators run up against groups and individuals intelligent enough and cool enough to deny them both a confrontation and an incident, they will be stripped of their most accomplished weapons."

MR. BEIRNE REPORTED to his 400,000 followers that the SDS has chosen telephone companies as one of the basic "work-in" targets. This genial Irishman, one of the AFL-CIO's most talented strategists, not famous for running from a fight, nonetheless asked his people not to overreact. And to be especially careful of race conflict. The SDS instructions, says Mr. Beirne, call for provoking a racial happening.

Union men whose followers operate another prime SDS target—the nation's railroads—also told their people to be alert. The work-in was given a going-over at a recent meeting of the Railway Labor Executives Assn. (a chiefs-of-staff union unit). Union chairmen on each line will watch for the youngsters.

Generally no prodding is needed to inspire an intellectual snort from labor leaders. But now the reaction comes even more swiftly than usual. Whether it's the nation's "Mr. Labor" himself, George Meany, AFL-CIO president, or Frank Fitzsimmons, the Teamsters' acting president, union chiefs are saying that no unionized installation will be taken as have college campuses. Labor leaders won't be as skittish as college presidents and faculty members.

There now can be no doubt and no misunderstanding, says one national union leader about "our position."

"We want no disruption," he adds. "We want no violence, no wage-consuming ersatz picket lines, no stage-managed incidents. We want no explosion ripping up parts of a plant in which our people are working. If these avowed rebels threaten the industrial peace we'll simply beat the hell out of them—youth or no youth."

At least with this man there is no euphemism. He points to the SDS Organizers' Manual. He quotes a section which says that "jobseekers should try to get hired in plants or transport depots that have several hundreds (let's say a 400-minimum) workers. . . ."

SUCH MEN AS Joe Beirne or the dynamic Charles Luna, president of the newly merged United Transportation Union (AFL-CIO) (railroad workers) see far more in the SDS manuals than a youthful rehearsal for summer soldiers of a playful revolution.

Tht Beirnes and the Lunas well know the saga of undisciplined American radicalism—of both the gaslight and the campus eras. The SDS is made up of old and new revoluionists. TWILA LYNN
Fiancee Of Jim Rose.

Texas Resident, Area Man Wait July 22 Rites

Announcement has been made of the engagement and approaching marriage of Miss Twila Lynn, daughter of Mr. and Mrs. Kenneth O. Lynn of Littlefield, Tex., and Jim Rose, son of the Rev. and Mrs. J. B. Rose of 3rd St, Chester.

The bride - elect, a 1967 graduate of Littlefield High School, has completed two years at Bethany (Okla.) Nazarene College, where she is a home economics major.

Her fiance was graduated in 1965 from Central High School at San Angelo, Tex., and attended Angelo State College for two years. He received his bachelor of arts degree in history and English recently from Bethany Nazarene College, where he was affiliated with the Alpha Nu honor society. He has accepted a teaching position at Beaver Local High School.

The wedding will take place July 22 at 8 p.m. in the Littlefield Church of the Nazarene, with the father of the prospective bridegroom officiating.

Jayne Elizabeth Chapman Weds In Rites At Lisbon

A full - length gown of organza with re - embroidered lace and pearls was worn by Miss Jayne Elizabeth Chapman, daughter of Mr. and Mrs. J. Edgar Chapman of 121 Harrison St., Lisbon, when she became the bride of Timothy Lee Wilfong, son of Mr. and Mrs. William Wilfong of Lisbon RD 2, at a 6:30 ceremony in the First United Methodist Church of Lisbon June 7.

The Rev. Fred Shiltz performed the double - ring rites before an altar banked with palms and baskets of white carnations, gladioli and white ribbons. Two seven - branch candelabra accented the setting.

Miss Ada Hanna, a classmate of the bride's at St. Luke's Hospital School of Nursing, was guest organist and Mrs. Kenneth Everett of Lisbon was soloist.

—:—

Midland Residents United In Ceremonies At Church

Mr. and Mrs. Albert Ronald Sepoos are residing in Austintown following their wedding May 31 in the Presentation Catholic Church at Midland.

The bride is the former Lilian Jane Schlosser, daughter of Mr. and Mrs. Paul Schlosser of Midland. The bridegroom is the son of Mr. and Mrs. Bert Sepos of Midland.

The double - ring ceremony was performed by the Rev. Stephen Burdis, pastor. The bride was given in marrage by her father. Yvonne Pucci of Meadowbrook was organist.

—:—

THE BRIDE wore a Victorian silk organza gown over pau desoie. A panel of schiffi embroidery and bands of grosgrain ribbon, a high neckline, and long, puffed sleeves highlighted the gown. The skirt had a chapel-length train.

A Camelot cap trimmed with pearls and embroidery held the bouffant veil of silk illusion. She carried a cascade arrangement of white roses, pompons and asters.

Mrs. Candice Ranelli of Midland was matron of honor. She wore a pink chiffon gown over peau de soie, fashioned with a jeweled neckline of lace. The gown had a fitted bodice with self - made buttons and long, puffed sleeves. A Camelot cap of pink chiffon with a mantilla edged in lace completed her ensemble. She carried a cascade of pink roses, white asters and white carnations.

Bridesmaids were Miss Mary Ellen Bellay, Mrs. Donna Sorge, Miss Catherine Petrush and Miss Patty Yetso, all of Midland. They were attired identically to the matron of honor.

MRS. ALBERT SEPOS

Bishop To Join In Sunday Rites

The Rt. Rev. John Harris Burt, bishop of Ohio, will administer the Rite of Confirmation to eight Sunday night at 7:30 at St. Stephen's Episcopal Church.

The bishop's annual sermon to the congregation will follow.

Those to be confirmed include Jennie Fae Dingess, Grace Sherry Koerber, Janice Lee Koerber, Joan Lynn Koerber, Gilbert Piergallini, Arlene Marie Todd, William John Todd and Janet Elaine Ward.

—:—

THE ANCIENT rite of "Laying on of Hands" has been handed down from the early Apostle and in the understanding of the Episcopal Church must be administered by a bishop. It is a renewal of the vows of Baptism, which are made for the individual while an infant. Those confirmed are adults, or young people "who have reached an age of discretion."

The open offering received will go to the bishop's discretionary fund, which is used for emergency charitable works not provided for in the diocesan budget.

Prior to the Confirmation service, a supper will be served at 5:30 for families of the Episcopal Tri Parishes of St. Matthew's, Chester, the Church of the Ascension, Wellsville, and the local congregation. Following the service, the confirmands and Bishop Burt will be honored at a reception in the parish hall. The Rev. D. R. Salisbury Jr. is rector.

Methodists Wait Session

LAKESIDE, Ohio — More than 1200 United Methodist ministers and laymen will meet at Lakeside Monday to begin four days of deliberations on key social issues, policies and programs confronting the denominataion's North - East Ohio Conference.

The delegates from 768 local churches will hear some 50 reports on accomplishments and problems of the year past and formulate recommendations designed to strengthen the conference program in the future.

Among the considerations will be the church's witness in mission fields at home and abroad, new endeavors in evangelism to keep pace with the growth of population and the development of programs to help meet the racial and poverty crises in the nation.

A matter for special consideration will be the proposed union of the denomination's conferences within northeastern Ohio. If approved, the present geographical overlapping of conferences within the area would be eliminated. The proposed target date for the merger is June 10, 1970.

Bishop Francis E. Kearns of Canton, administrative and spiritual leader of the Ohio East Area, will preside at all sessions of the four - day conference.

New Minister Chosen For Avondale Baptist

Today when the world wants peace, the world marches for peace. Demonstrators say "Do not Kill, bring our boy back." The churches pray for peace and yet God says that there would be no peace given. 1 Thes. 5: 1-3. God says that we would have war and rumors of wars and this need be. Mark 13: 7-8. God gives Peace of Mind to the Believers and that all the peace we will have until after the rapture. 1 Thes. 4: 13-7. God promised us in John 14:27 and Phil. 4: 7 that His peace would be in our hearts. We are no longer at war with God. Today you can have this peace. Get on your knees and ask God to fogive you, a sinner, and save you for Jesus's sake. Rom. 10: 9-13. Be born in God's family today and His blood He shed on Calvary will wash your sins away. MOMENT OF MEDITATION
BABY BAPTISM

In our article last week we pointed out the fact that what we do in religion is either authorized from heaven or it is from man. The question, is it from heaven or from man, should be asked about all of our religious practices. We cannot afford to be doing things in religion that do not have the backing from God. If God authorizes a practice, we will be able to read about it in the pages of the Bible. The Word of God tells us what is right and what is wrong. Now let us examine a practice of today and see if it is from heaven or from man.

Many today are engaged in the practice of baptizing babies. Many feel that they would be doing the infant a grave injustice if they did not take the baby and have him baptized. Let's study some scriptures and see if this is authorized by God or if it is just a practice of man.

In Mark 16:16 Jesus commissioned people to baptize. Let's look at the verse and see if we can determine just who is to be baptized. "He that believeth and is baptized shall be saved, and he that believeth not shall be damned." According to Jesus, the person to be baptized is the one who believes. Surely, no one will contend that a little baby is capable of believing in Christ. Since the baby cannot believe, he is not the subject for baptism.

Let's notice another verse. Acts 2:38. "Then Peter said unto them, Repent, and be baptized everyone of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost." The person to be baptized according to this verse is the one who repents of his sins. First, let us observe that a baby could not possibly repent. The baby could not even understand what repentance is. Second let it be noted that the baby could not repent of sins for the baby does not have any sins. Sins are comfitted when we transgress the law of God. The baby does not evn have any laws given to him. (I Jno. 3:4) The baby has never been guilty of sins and thus has no sins to repent of.

To add to the proof of the preceding scriptures; we should also observe the fact that there is not one example in the Bible of any baby being babtized and no instruction concerning this.

Is this practice from heaven or from man? Remember that in order to please God we must do His will. Mt. 7:21. "Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven." We cannot afford to do anything without authority.

Methodists Wait Session

LAKESIDE, Ohio — More than 1200 United Methodist ministers and laymen will meet at Lakeside Monday to begin four days of deliberations on key social issues, policies and programs confronting the denominataion's North - East Ohio Conference.

The delegates from 768 local churches will hear some 50 reports on accomplishments and problems of the year past and formulate recommendations designed to strengthen the conference program in the future.

Among the considerations will be the church's witness in mission fields at home and abroad, new endeavors in evangelism to keep pace with the growth of population and the development of programs to help meet the racial and poverty crises in the nation.

A matter for special consideration will be the proposed union of the denomination's conferences within northeastern Ohio. If approved, the present geographical overlapping of conferences within the area would be eliminated. The proposed target date for the merger is June 10, 1970.

Bishop Francis E. Kearns of Canton, administrative and spiritual leader of the Ohio East Area, will preside at all sessions of the four - day conference.

PEACEFUL MINDED PEOPLE
Today when the world wants peace, the world marches for peace. Demonstrators say "Do not Kill, bring our boy back." The churches pray for peace and yet God says that there would be no peace given. 1 Thes. 5: 1-3. God says that we would have war and rumors of wars and this need be. Mark 13: 7-8. God gives Peace of Mind to the Believers and that all the peace we will have until after the rapture. 1 Thes. 4: 13-7. God promised us in John 14:27 and Phil. 4: 7 that His peace would be in our hearts. We are no longer at war with God. Today you can have this peace. Get on your knees and ask God to fogive you, a sinner, and save you for Jesus's sake. Rom. 10: 9-13. Be born in God's family today and His blood He shed on Calvary will wash your sins away. MOMENT OF MEDITATION
BABY BAPTISM

In our article last week we pointed out the fact that what we do in religion is either authorized from heaven or it is from man. The question, is it from heaven or from man, should be asked about all of our religious practices. We cannot afford to be doing things in religion that do not have the backing from God. If God authorizes a practice, we will be able to read about it in the pages of the Bible. The Word of God tells us what is right and what is wrong. Now let us examine a practice of today and see if it is from heaven or from man.

Many today are engaged in the practice of baptizing babies. Many feel that they would be doing the infant a grave injustice if they did not take the baby and have him baptized. Let's study some scriptures and see if this is authorized by God or if it is just a practice of man.

In Mark 16:16 Jesus commissioned people to baptize. Let's look at the verse and see if we can determine just who is to be baptized. "He that believeth and is baptized shall be saved, and he that believeth not shall be damned." According to Jesus, the person to be baptized is the one who believes. Surely, no one will contend that a little baby is capable of believing in Christ. Since the baby cannot believe, he is not the subject for baptism.

Let's notice another verse. Acts 2:38. "Then Peter said unto them, Repent, and be baptized everyone of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost." The person to be baptized according to this verse is the one who repents of his sins. First, let us observe that a baby could not possibly repent. The baby could not even understand what repentance is. Second let it be noted that the baby could not repent of sins for the baby does not have any sins. Sins are comfitted when we transgress the law of God. The baby does not evn have any laws given to him. (I Jno. 3:4) The baby has never been guilty of sins and thus has no sins to repent of.

To add to the proof of the preceding scriptures; we should also observe the fact that there is not one example in the Bible of any baby being babtized and no instruction concerning this.

Is this practice from heaven or from man? Remember that in order to please God we must do His will. Mt. 7:21. "Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven." We cannot afford to do anything without authority.

The commissioners today also are to act on additional projects at the new County Jail, including counters for the photo room and kitchen.

Area Mishap Injures Girl

A Youngstown girl complained of injuries following a one-car accident on Route 7 Friday at 6:10 p. m. She apparently was not treated.

Karen S. Kichak, 10, was a passenger in an auto driven by Frank J. Kichak, 40, of Youngstown which was southbound on Route 7 near Route 30.

The Ohio Highway Patrol at Lisbon said Kichak was attempting to pass another car when his 1961 sedan went off he left side of the road and struck a tree.

A 32-year old East Liverpool motorist was cited for improper backing as the result of a car - truck accident on Center Rd., about a half mile north of East Liverpool, Friday at 3:25 p.m.

Alfred J. Mellott of Center Rd., driving a 1965 model truck, was cited after he backed from the intersection to make room for another vehicle and hit a 1964 convertible operated by Thomas C. Schmidbauer, 18, of Shadyside Ave.

No one was injured.

The patrol is still investigating a fire which destroyed a car.

The patrol received a call at 11:32 p. m. Friday that the auto was on fire on Campbell Rd., just off Campground Rd.

The 1965 model sedan is owned by William E. Whiteman of 1902 Chester Ave., Wellsville. Whiteman's son, Dana, had driven it to Lake Marwin earlier in the evening.

Ronald Wathey of the St. Clair Township police said the car was reported stolen about 11:40 p.m. Glenmoor firemen extinguished the blaze.

Hospital Treats Potters, Others In Emergencies

Two potters injured at work and a Chester boy hurt while playing baseball were among those treated Friday at City Hospital.

Larry Farnsworth of 2040 Ohio Ave. suffered a fractured left hand in a fall from a ladder and Richard Watkins of Rogers RD 1 a fractured index finger when his hand became caught in a machine. Both are employes of the Homer Laughlin China Co.

Donald Glass, son of Donald Glass of 509 Florida Ave., Chester, was treated for a laceration of the mouth received while playing ball at the Colt Field in East Liverpool.

Also treated and released were Margaret Fultz of the Old Salineville Rd., Wellsville, a contusion of the fifth finger on the left hand in a fall; Carol Wakefield of 350 Ogden St., a puncture wound of right foot on a nail; Richard Ammon Jr., son of Richard D. Ammon of Box 407 East Liverpool, a cut lip in a fall from a bicycle, and Gloria Heath, daughter of Edward Heath of 1043 Riverview St., a scalp laceration in a fall.

Basra, Iraq, was the scene of many adventures of Sinbad the Sailor, hero of the "Arabian Nights."

Minor Mishaps Are Investigated

Police investigated two minor accidents on St. Clair Ave. Friday afternoon within a half-hour.

The first occurred about 4:20 and involved autos driven by Robert Smith, 19, of MC 22, and Joseph H. Smith, 31, of 348 Jackson St. Police said Joseph Smith pulled from McKinnon onto St. Clair into the path of the other car.

At 4:49, Norman Gary Curtis, 30, of 319 Garfield St. pulled his 1966 auto from a service station at St. Clair and Broadway and struck the rear of a 1965 sport coupe operated by Daniel Bekar, 42, of 152 Center St., which was halted at a traffic light.

An accident which occurred Thursday was reported by police yesterday.

Earl E. Johnson, 26, of Dewey Ave. was driving west on Pennsylvania Ave. when Donald H. Cecil, 45, of 1062 Waterloo St., also headed west, halted his 1964 sedan for traffic and was struck in the rear by the 1957 sedan driven by Johnson.

bourne skipper earlier in the day, Stevenson said the Evans would have avoided a collision by taking "just one" of several measures that he had provided.

That was the first time that responsibility for the collision was charged publicly against the Evans.

Stevenson said that written instructions had been issued in a handbook before the maneuvers began, that there had been discussions with ship commanders involved, practice maneuvers including the one being conducted at the time of the collision and last-minute emergency measures just before the disaster.

Despite these precautions, he said, "the unbelievable happened."

Wiretap

(Continued from Page 1)

there have been an increasing number of instances in which federal troops have been called upon by the states in the suppression of riots.

"Faced with such a state of affairs," the department declared, "any president who takes seriously his oath . . . will no doubt determine it is not 'unreasonable' to utilize electronic surveillance to gather intelligence information concerning those organizations which are committed to the use of illegal methods to bring about changes in our form of government and which may be seeking to foment violent disorders."

Noting that the Fourth Amendment prohibits only "unreasonable searches and seizures," the government claimed wiretaps in domestic security cases could not be considered unreasonable.

In an affidavit accompanying the memorandum, Atty. Gen. John N. Mitchell listed the Chicago defendants who were overheard by government agents through wiretaps.

They included Rennie C. Davis and Jerry C. Rubin, leaders of the Youth International Party or "Yippies"; David T. Dellinger, head of the National Mobilization Committee to End the War in Vietnam;

Bobby G. Seale, cofounder of the Black Panthers and Thomas E. Hayden, an organizer and former secretary of the Students for a Democratic Society.

Other demonstrators charged in connection with the Chicago violence were Abbie H. Hoffman, another Yippie leader, and two college professors—Lee Weiner of Chicago and John R. Froines of Eugene, Ore.

Mitchell did not disclose if the three were also targets of government wiretaps.

The Justice Department filed the memorandum in response to motions by the eight defendants seeking disclosure of information obtained about them through electronic surveillance.

the Finance chairman, has said he will open hearings on the legislation immediately after the House passes it.

These probably will last two or three days. In addition to Kennedy and other administration witnesses, Long is committed to hear business spokesmen wishing to protest repeal of the 7 per cent investment credit.

The House Ways and Means Committee has decided to repeal the credit which permits companies to subtract from their tax bills up to 7 per cent of their spending on new plants and equipment.

Williams said two issues he might raise could complicate quick Senate action.

One concerns a tight ceiling on federal spending for the fiscal year which begins July 1.

An attempt is being made to settle this question on a $4.4 billion supplemental money bill which has passed the House and is to be debated in the Senate next week.

Williams was chief sponsor of a spending ceiling adopted last year requiring a $6 billion cut below former President Lyndon B. Johnson's budget.

He said that the ceiling for next year adopted by the House was completely unsatisfactory since it did not require any reduction below President Nixon's revised budget total.

The Senate Appropriations Committee, in approving the supplemental measure this week, substituted its version of a ceiling for the House language.

This seeks to cut the Nixon spending total by $5 billion but contains a number of exemptions.

Williams said he wanted to examine the exemptions closely before committing himself to the committee's proposal.

But, the senator said, if he is not satisfied with the final product attached to the appropriations measure, he will offer his own ceiling as a rider to the surtax extension bill.

The second issue cited by Williams involves various measures to close what he regards as big loopholes in the tax laws.

Underworld Types Reported Increasing On Vegas Strip

By TERRY RYAN
Associated Press Writer

CARSON CITY, Nev. (AP) — The little Black Book of the Nevada Gaming Control Board is on its way to becoming a big black book because, says the board chairman, underworld types are increasing on the Las Vegas Strip.

Between the untitled covers of the Black Book are 11 printed pages with the names, aliases, descriptions and mug shots of 11 people who are persona non grata in the state's casinos.

A casino that catered to anyone listed in the Black Book would be gambling with its gaming license. The men themselves face a misdemeanor charge if they even set foot in a Nevada casino.

Frank Johnson, chairman of the Gaming Control Board, said Friday he expects to add some more pages to the Black Book in the near future. "We have a rather extensive list now that is going to be considered for it," said Johnson.

His statement came one day after the board asked the State Gaming Commission to fine one of the plushier strip establishments $100,000 for playing host to 12 men with underworld ties last month.

Caesars palace, the casino-hotel that provided the men with free room, food and beverage service on the order of its vice president, said Friday it would ask for a formal hearing before the Gaming Commission.

"Up to this point we have not given a great deal of priority to our plans for the Black Book," said Johnson. "The Caesars Palace business will give us cause to reconsider this project."

Part of the red carpet treatment provided by Caesars Palace included a dinner show featuring Frank Sinatra.

The Black Book cost Sinatra his Nevada gaming license in 1963 after he entertained Sam Giancana at a Lake Tahoe casino he then owned. Giancana is in the black book.

Ohio Woman Wins Biggest Back Pay Claim—$100,935

DAYTON, Ohio (AP) — An Ohio woman fired 11 years ago during a controversial tangle with the Air Force has won the largest back pay claim ever granted by the U.S. Court of Claims — $100,935.24 — and now she wants a pension, too.

The award went to Dorothy B. Louks, of nearby Medway, who claims she was fired from her Air Force accountant's job Feb. 11, 1958, because she testified in a 1952 Senate investigation.

The Air Force said she was dismissed for refusing to accept a transfer from Wright Patterson Air Force Base here to the Air Force Depot at Memphis, Tenn.

A Justice Department official said "This was the largest claim for back pay ever granted a government employe."

And Mrs. Louks' attorney in Washington, Thomas M. Gettings Jr., said Friday his client, looking toward future retirement, wants to build up her pension benefits by taking another government job.

Gettings said Mrs. Louks, a 26-year-veteran of federal employment, has filled out about 200 applications since her dismissal and claims she has been denied a job in every case.

The claims court based its order on a settlement reached by attorneys for both sides after ruling that Mrs. Louks was entitled to back pay from the date she was fired to Dec. 31, 1968.

The court at that time rejected Mrs. Louks' claim that the Air Force dismissed her because of her testimony at the Senate hearings.

The court ruled, however, the Air Force decision to fire her was "arbitary, capricious and not supported by substantial evidence." It said Mrs. Louks was "at all times willing and able to accompany a transfer of her position."

But Mrs. Louks maintains she was fired for her part in the Senate's "deep freeze" investigation centered around allegations that government officals in the Truman administration accepted food freezers and other gifts in return for favors.

At the time she was dismissed, Mrs. Louks was an Air For budget administrator in a division giving budget and financial supervision to 240 Air Force commissaries around the world.

Mrs. Louks will receive a Treasury check for $93,153.46. The balance of the settlement will be used for payments to her Civil Service retirement fund and her employe's life insurance.

have before, to make Mr. Fitzgerald available."

Proxmire had demanded the Pentagon explain its orders to Fitzgerald —which Fitzgerald said came just 15 minutes before he was scheduled to testify —or produce, by Tuesday, the documents Proxmire had sought.

The senator said the nation is placing its reputation as a free and open society in jeopardy "if the weapons of secrecy and classification are used without warrant to cover the tracks of embarrassing or wasteful or inefficient decision-making."

Fitzgerald had said a memorandum from his superior, Asst. Secretary of the Air Force Thomas H. Nielsen, informed him that it would be "inappropriate for anyone from this office to release additional information" concerning programs in view of the defense agency's efforts to respond to Proxmire's request for information.

Proxmire had asked Fitzgerald for documents to substantiate the witness' contention that the Pentagon is indifferent to cost control, is hostile to workers who want to reduce costs and favors contracts with padded prices that keep large contractors in business.

That was the first time that responsibility for the collision was charged publicly against the Evans.

Stevenson said that written instructions had been issued in a handbook before the maneuvers began, that there had been discussions with ship commanders involved, practice maneuvers including the one being conducted at the time of the collision and last-minute emergency measures just before the disaster.

Despite these precautions, he said, "the unbelievable happened."

Wiretap

there have been an increasing number of instances in which federal troops have been called upon by the states in the suppression of riots.

"Faced with such a state of affairs," the department declared, "any president who takes seriously his oath . . . will no doubt determine it is not 'unreasonable' to utilize electronic surveillance to gather intelligence information concerning those organizations which are committed to the use of illegal methods to bring about changes in our form of government and which may be seeking to foment violent disorders."

Noting that the Fourth Amendment prohibits only "unreasonable searches and seizures," the government claimed wiretaps in domestic security cases could not be considered unreasonable.

In an affidavit accompanying the memorandum, Atty. Gen. John N. Mitchell listed the Chicago defendants who were overheard by government agents through wiretaps.

They included Rennie C. Davis and Jerry C. Rubin, leaders of the Youth International Party or "Yippies"; David T. Dellinger, head of the National Mobilization Committee to End the War in Vietnam;

Bobby G. Seale, cofounder of the Black Panthers and Thomas E. Hayden, an organizer and former secretary of the Students for a Democratic Society.

Other demonstrators charged in connection with the Chicago violence were Abbie H. Hoffman, another Yippie leader, and two college professors—Lee Weiner of Chicago and John R. Froines of Eugene, Ore.

Mitchell did not disclose if the three were also targets of government wiretaps.

The Justice Department filed the memorandum in response to motions by the eight defendants seeking disclosure of information obtained about them through electronic surveillance.

Williams was chief sponsor of a spending ceiling adopted last year requiring a $6 billion cut below former President Lyndon B. Johnson's budget.

He said that the ceiling for next year adopted by the House was completely unsatisfactory since it did not require any reduction below President Nixon's revised budget total.

The Senate Appropriations Committee, in approving the supplemental measure this week, substituted its version of a ceiling for the House language.

This seeks to cut the Nixon spending total by $5 billion but contains a number of exemptions.

Williams said he wanted to examine the exemptions closely before committing himself to the committee's proposal.

But, the senator said, if he is not satisfied with the final product attached to the appropriations measure, he will offer his own ceiling as a rider to the surtax extension bill.

The second issue cited by Williams involves various measures to close what he regards as big loopholes in the tax laws.

Underworld Types Reported Increasing On Vegas Strip

By TERRY RYAN
Associated Press Writer

CARSON CITY, Nev. (AP) — The little Black Book of the Nevada Gaming Control Board is on its way to becoming a big black book because, says the board chairman, underworld types are increasing on the Las Vegas Strip.

Between the untitled covers of the Black Book are 11 printed pages with the names, aliases, descriptions and mug shots of 11 people who are persona non grata in the state's casinos.

A casino that catered to anyone listed in the Black Book would be gambling with its gaming license. The men themselves face a misdemeanor charge if they even set foot in a Nevada casino.

Frank Johnson, chairman of the Gaming Control Board, said Friday he expects to add some more pages to the Black Book in the near future. "We have a rather extensive list now that is going to be considered for it," said Johnson.

His statement came one day after the board asked the State Gaming Commission to fine one of the plushier strip establishments $100,000 for playing host to 12 men with underworld ties last month.

Caesars palace, the casino-hotel that provided the men with free room, food and beverage service on the order of its vice president, said Friday it would ask for a formal hearing before the Gaming Commission.

"Up to this point we have not given a great deal of priority to our plans for the Black Book," said Johnson. "The Caesars Palace business will give us cause to reconsider this project."

Part of the red carpet treatment provided by Caesars Palace included a dinner show featuring Frank Sinatra.

The Black Book cost Sinatra his Nevada gaming license in 1963 after he entertained Sam Giancana at a Lake Tahoe casino he then owned. Giancana is in the black book.

Ohio Woman Wins Biggest Back Pay Claim—$100,935

DAYTON, Ohio (AP) — An Ohio woman fired 11 years ago during a controversial tangle with the Air Force has won the largest back pay claim ever granted by the U.S. Court of Claims — $100,935.24 — and now she wants a pension, too.

The award went to Dorothy B. Louks, of nearby Medway, who claims she was fired from her Air Force accountant's job Feb. 11, 1958, because she testified in a 1952 Senate investigation.

The Air Force said she was dismissed for refusing to accept a transfer from Wright Patterson Air Force Base here to the Air Force Depot at Memphis, Tenn.

A Justice Department official said "This was the largest claim for back pay ever granted a government employe."

And Mrs. Louks' attorney in Washington, Thomas M. Gettings Jr., said Friday his client, looking toward future retirement, wants to build up her pension benefits by taking another government job.

Gettings said Mrs. Louks, a 26-year-veteran of federal employment, has filled out about 200 applications since her dismissal and claims she has been denied a job in every case.

The claims court based its order on a settlement reached by attorneys for both sides after ruling that Mrs. Louks was entitled to back pay from the date she was fired to Dec. 31, 1968.

The court at that time rejected Mrs. Louks' claim that the Air Force dismissed her because of her testimony at the Senate hearings.

The court ruled, however, the Air Force decision to fire her was "arbitary, capricious and not supported by substantial evidence." It said Mrs. Louks was "at all times willing and able to accompany a transfer of her position."

But Mrs. Louks maintains she was fired for her part in the Senate's "deep freeze" investigation centered around allegations that government officals in the Truman administration accepted food freezers and other gifts in return for favors.

At the time she was dismissed, Mrs. Louks was an Air For budget administrator in a division giving budget and financial supervision to 240 Air Force commissaries around the world.

Mrs. Louks will receive a Treasury check for $93,153.46. The balance of the settlement will be used for payments to her Civil Service retirement fund and her employe's life insurance.

have before, to make Mr. Fitzgerald available."

Proxmire had demanded the Pentagon explain its orders to Fitzgerald —which Fitzgerald said came just 15 minutes before he was scheduled to testify —or produce, by Tuesday, the documents Proxmire had sought.

The senator said the nation is placing its reputation as a free and open society in jeopardy "if the weapons of secrecy and classification are used without warrant to cover the tracks of embarrassing or wasteful or inefficient decision-making."

Fitzgerald had said a memorandum from his superior, Asst. Secretary of the Air Force Thomas H. Nielsen, informed him that it would be "inappropriate for anyone from this office to release additional information" concerning programs in view of the defense agency's efforts to respond to Proxmire's request for information.

Proxmire had asked Fitzgerald for documents to substantiate the witness' contention that the Pentagon is indifferent to cost control, is hostile to workers who want to reduce costs and favors contracts with padded prices that keep large contractors in business.

Lake Gets New Life

AN OLD COLUMBIANA COUNTY LAKE is being promised a new life.

In efforts to restore Guilford Lake to some of its original grandeur, at least so far as fishing is concerned, the Ohio Wildlife and Parks Divisions has launched a revamping program at the impoundment.

In general, the 400 acre lake on Route172 west of Lisbon is to get a face lifting and an extensive restocking plan has been put into motion.

Breathing new life into a lake is quite an undertaking. It resuires much planning, but the benfits may be far reaching. This is one of the first, if not first, such projects by the state.

sonnel with much information concerning the growth, survival rate and balance of man-made impoundments.

Stocking programs have been carried out over the years at Guilford, but fishing success has continually dwindled. Oldtimers recall when Guilford was one of the "hot spots" in Ohio for bass fishing.

SLOWLY, AS IT seems to be with most "artificial" lakes of its size, the lake's fish production fell away. In recent years, because of many factors. fishing has been aptly termed "poor."

However, popularity of the lake has not dwindled. Camping, boating, swimming and picnicking entered the scene and thousands of persons have enjoyed the facilities. These were not fully developed until the past 10 years.

A large siphon was placed in the lake this spring and the water drawn out so work could begin.

The major undertaking on construction was rebuilding the face of the dam at the lower end.

When constructed, the entire facing was concrete. Over the years, from erosion the concrete has been removed and the breast of the dam is being repacked. Riprap is being installed.

PARK PERSONNEL also are taking advantage of the drawndown to do work along the shoreline. Areas are being cleaned and beautified. Dock owners also are busy at work repairs which normally are not possible.

Although there is only about 100 acres of water left at present many people still are taking advantage of the other facilities in the area. Picnickers and campers find they can walk along the exposed bottom, which in many areas gives the impression of a huge beach.

Old, sunken hulls of boats can be seen here and there in the muddy bottom.

State employes netting fish even turned up an uncrusted shotgun. The mud was cleaned away, but it was impossible to provide any identification. The old weapon was taken to Akron where it was presented Jesse Weaver, district wildlife supervisor, as an "original Model 12 Winchester."

Suprisingly, there is very little fish cover in the bottom of the lake. Most of the bottom is mud. Here and there a few large rocks can be seen. It is possible that "fish homes" will be built on the bottom with brush piles, stones or perhaps even old autos before the project is completed.

LARGE NETS have been placed in various sections of the remaining "pond."

After the desirable fish have been removed, toxicant will be used to kill the remaining fish. The restocking program will follow.

Several tons of stunted, undersirable fish have been removed from Guilford to date.

These are primarily crappies, gizzard shad, bullhead catfish and carps. Most are stunted. Fish management personnel say this is caused by an over population of their numbers—there is not enough food in the lake to support good growth for so high a number.

Removal of these stunted fish is a major part of the reclaimation project.

Total removal of all fish is necessary so a balanced number of each species can be stocked.

The larger bass, northern pike some catfish and the brood bluegills are salavaged from the nets.

The bass and northern pike will be kept in holding ponds at state fisheries until they can be returned to Gilford. This probably will be done in the fall when there is less danger of losing any fish because of the heat.

NUMEROUS NORTHERN pike have been taken in the nets. They have averaged about 22 inches, although some are in excess of 30 inches. These will provide a natural brood stock for the lake when returned.

Although no large amounts of bass are turning up, only about 60 up to a week ago, the ones being caught are enough to make any fisherman's mouth water.

The bass average 17 to 18 inches alhough there were some that would be in the five pound category.

One oddity that turned up was a "blind" largemouth bass. Both eyes were gone, but the old battle-scarred warrior appeared fat and healthy. Fish can catch food even though they cannot see. The lateral line along the side is used by fish to sense the presence of food.

Some bullheads also are found without eyes. Bullheads are usually brown, but the ones without eyes are shiny black. Fish are sensitive to light and tend to bend with the background as natural protection. The bullheads without eyes apparently are changed to black, a condition most of their species registers during nigh.

The larger bluegills are being hauled to other smaller lakes operated by the state. Strangely, this is the one specis of fish that for one reason or an other has improved over the past few years.

SEVERAL YEARS ago the lake was literally full of "gills no longer than three inches. Now they have grown to a healthy four or five inches, and are very fat. What brought on this change is one answer being sought by the state.

Remnents of previous attempts to establish walleyes and muskellunge in Guilford also have appeared in the nets.

Two walleyes, one 22 inches and the other 24, and a 45-inch musky were removed.

These fish never flourished in Guilford despite repeated stocking attempts.

Most of the bass being salvaged are not being taken in the nets. Largemouth bass are wily and while the nets hold other specis, the bass somehow find their way back out of the trap.

A large electric shocking device has been brought into use and the bass are being captured in this manner. The charge stuns the fish for a brief period and they are dipped from the water when they come to the surface. However, one or two charges and the bass soon leave the area. Workers then have to wait a few hours before they can return to a given section and expect any success.

THE TRASH FISH that are removed are being buried in in a trench. The area will be covered with water when the level of the lake is returned to normal.

Once most of the good fish have been salvaged—it is virtually impossible to get them all—the toxicant will be applied to the water and the remaining fish killed.

The toxicant is very similar to a chemical used by most gardeners to kill bean beattles and other insects. It will dissapate in a very short time.

The toxicant poses no health hazard. It does not actually "poison" the fish, although this is the general term used, but rather affects their gills and suffocates them.

Roger Kenyon, a district assistant fish supervisor, says much important data is being obtained for future use. Scale samples are removed from fish and some fish are sent to labortory for study.

It is hoped the information gained will help in establishing new lakes in the future or restoring other old impoundments.

There are many features in such man-made lakes that are unique only to artifical impoundments. Natural lakes do not have the problems of "enrichment." This is when the water becomes too rich or too fertile for aquatic life. This can be caused by certain kinds of pollution, one of the problems at Guilford.

The work is about complete and the lake will be refilled in the near future. If all goes according to plan, old Guilford should become new Guilford, much to the joy of all concerned.

Outdoor Notes

By Harry L. Stewart

WHITE BASS HAVE STARTED hitting around the Bass Island area of Lake Erie. Smallmouths are feeding good in Beaver Creek—at times, that is. And, maybe the Ohio River is getting a little cleaner because an East End youth caught an eel there this week.

A call came through Wednesday evening that the white bass had moved into the shallows around the islands in Erie.

When these fish start hitting, it is nothing to catch 30 to 40 in just a short time. White bass run in large schools and chase minnows. The minnows head for the surface to escape the predators and the ensuing feed creates quite a commotion on top of the water.

If you can move your boat in around the outside edge and start casting small spinners, you can really load up on fish.

White bass runs have already been reported in the bays and streams along the south shore of the lake, but the larger fish never seem to travel any farther than the island area.

Bass in Beaver Creek have been rather finicky about what they will hit. And, they seem to feed heavily for a brief period, then quit. Soft craws are plentiful now, but sometimes even these won't tempt the bronzebacks.

SURPRISE. Steve Golden of 1206 St. George St. landed a 30-inch eel while fishing in the river in East End Monday.

RIVER CATCH. Steve Golden of St. George St. hefts an eel he caught in the Ohio River. An unusual catch from the river, it gave him quite a thrill.

Steve was using corn at the time and was very surprised when he pulled in the black, wiggly critter.

A few eels are caught in the area each summer. They are very powerful and twist so violently when hooked it is difficult to land them.

Many people take one look at them and decide they don't want anything to do with them at all. But, they are good to eat. I've tried them and if you don't have a weak stomach, they aren't bad. Just a strong fishy flavor.

FROG HUNTERS, get your gear ready! The 1969 Ohio frog season will reopen at 6 p.m. on Sunday, after being closed since May 1st. The daily limit is ten frogs and ten is the most you may have in your possession at any time.

Frogs may not be taken by shooting, except with a longbow and arrow. A 1969 Ohio Fishing License is required by everybody engaged in the sport of frog hunting.

SUMMER SHOOTING. Coming up is an ideal time of the year for "chuck hunting". The young groundhogs are out of the dens now and farmers are completing their first cutting of hay, making these animals fine sport for the riflemen in the open hay fields.

Most landowners are glad to see "chuck hunters" providing that the hunter gets permission to hunt and learns which fields the farmer is working in, has stock in and where children are playing. The farmer will also probably tell you in which fields the groundhogs are more plentiful.

Often chuck hunting in the summer develops a friendship that leads to invitations to hunt other game species during the fall and winter open seasons. Don't forget your hunting license. Your 1968 license is valid through August 31.

PUBLIC SPIRITED CAMPERS. Zepernick Lake near New Garden is drawn down while repairs are being made on the water level control structure.

The Consitution Town Campers, from the Carrollton area, felt this would be an opportune time to clean litter and trash from the lake bed and recently drove approximately 50 miles to participate in this clean up project.

The lake bed and parking area are now two large truckloads cleaner through the efforts of this public spirit group.

PENNSYLVANIA STREAM MAP. Campers, fishermen, or anyone planning to vacation in "Penn's Woods" this summer may find handy a "Stream Map of Pennsylvania."

This detailed map, prepared by the Pennsylvania State University, is approximately three feet wide by five feet long. The scale is six miles to the inch, and geographical features included are 3000 each of streams, elevations above sea level, and towns and cities.

Featured are names and locations of major mountains, valleys, lakes, dams, swamps, and reservoirs. Fire towers and watershed boundaries are also indicated on the map.

The map is available, either flat or folded; for just $1 plus 6 cents sales tax. The flat map can be mounted neatly on a wall while the folded style will fit into a suitcase or glove compartment.

To get a copy, send your name, address and $1.06 to "Steam Map," Box 6000, University Park, Pa., 16802. Make check or money order payable to the Pennsylvania State University, and be sure to indicate whether you want a flat or folded map.

NOTHING IS MORE valuable to the water skier—novice, skilled or competitive—than a capable driver at the controls of the low boat. A competent boat handler can enhance the skill of a skier, just as errors in judgement by the driver can be damaging and dangerous. It is just as important for the tow boat driver to be properly instructed as it is for the water skier. Successful water skiing at any level of skill depends upon the boat driver and the skier working together as a well knit unit.

The skier's safety depends in a large measure on the boat driver. He should be alert to obey signals from the skier, and to obstructions in the path of the boat and skier; and always refrain from recklessness when pulling a skier.

The driver and skier should understand each other's signals before they start. An observer should be along in the boat to relay signals between skier and driver.

When starting, the driver should maneuver the boat so that he can start and continue in one direction until the skier has gained his bearings after coming out of the water or off the dock.

Keep the tow line taut until the skier gives the "hit it" signal, being careful to play the winds and current so they do not force you off course before you start.

WHEN THE SKIER is ready, pull him out of the water quickly and cleanly with steadily increased speed. A sudden burst of full throttle may jerk the tow bar from the skier's hand or pull him off balance.

When underway, the driver should avoid abrupt maneuvers of any kind. He should swing wide on turns and especially avoid tight turns when the skier is on the inside of the curve. In this case, the skier could lose speed and sink. The driver should not change course without signaling to the skier.

A tow boat driver should know the water in which he is operating, and should never drive the boat into shallow water where, if a skier falls, he could be hurt.

Respect for the rights of others is one sign of a competent boat driver. He should gives other boats a wide berth and be careful to stay away from canoes, sail-boats, fishermen, swimming areas and skin divers. He should also avoid passing too close to private or public piers and landings.

Don't clown at the wheel. Avoid other skiers. Never should a boat driver follow behind another skier or allow another boat to follow the skier he has in tow.

If a skier should fall, the driver should always return immediately to pick him up. Don't turn too quickly, however, because it may cause the tow line to snag in the propeller. Never leave a tow line dragging in the water when not in use, and pick up floating skis quickly if other boats are operating in the area.

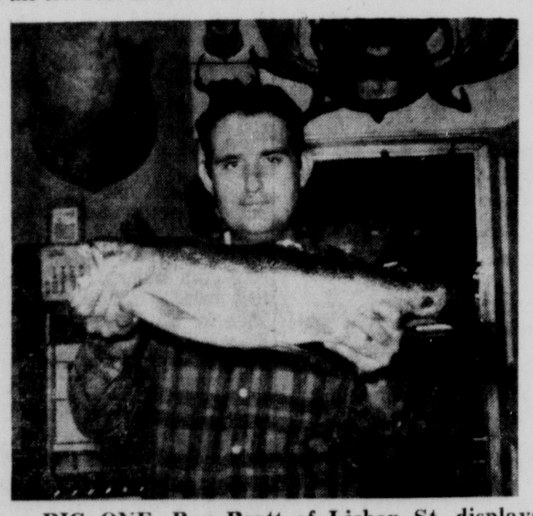

IF THE FALLEN skier wishes to continue skiing, the driver should circle around him at a safe distance, and the tow rope will come back into his hands. Never bring the boat within ten feet of a skier in the water.

If you wish to take the skier aboard, always stop the motor while he is getting into the boat. Avoid boarding over the transom. A boarding ladder is safer and more convenient than attempting to crawl over the side.

When landing a skier, keep constant speed until he lets go. Stay clear of piers, swimmers and shores. Remember the skier can swing in and land closer to shore than you should get with the boat.

Let the skier establish the speed. Never tow him faster than he wants to go and never keep him out after he is exhausted. Enjoyment of skiing is the reason for the sport.

If the driver also remembers that others like to enjoy their favorite sports, be it swimming, canoeing, fishing, or skin diving, and does not drive so as to interfere with their enjoyment, he has learned one of the most important lessons of the tow boat driver.

STREET BLOCKED. Young residents construct a cinder block wall across a New York City street, blocking off auto traffic near a school in lower Manhattan. Angry parents have demanded the street be closed to traffic in the wake of the death of an 8-year-old boy who was struck and killed by a taxicab while crossing an intersection this week. Parents, school and city officials have met to discuss a permanent arrangement about traffic in the area. Parents say the traffic is heavy because of activity around a warehouse in the area. You And The Law

Any time a motor vehicle you are operating is involved in a collision on any public road within Ohio, the law requires you to do the following:

Stop the vehicle immediately.

Give your name, address, and if you are not the owner of the vehicle, the name and address of the owner, and the registration number of the vehicle to any person injured; the occupant, owner or attendant of any damaged motor vehicle, and any police officer at the scene of such accident or collision.

IF THE injured person cannot understand and record the required information, you must notify the nearest police authority. You must remain at the scene of the accident until a police officer arrives unless you are removed by an ambulance or public emergency vehicle.

If you collide with an unoccupied or unattended motor vehicle, you must attach the required information to the motor vehicle, in a conspicuous place.

If you are involved in an accident upon any public or private property other than a public road you must give the required information, upon request, to the person injured, the owner of the damaged property or any other person. You must also show your operator's license.

If you don't give the information to the owner or person in charge of any property damaged, you must then notify the sheriff of the county in which the accident occurred within 24 hours. The sheriff must be advised of the date, time and location of the accident.

UNDER THE Ohio Motor Vehicle Safety Responsibility Act, the driver of a motor vehicle must report to the Registrar of Motor Vehicles any accident in which anyone is killed or injured or there was property damage in excess of $100. This report must be made within five days and must be made whether or not you are at fault. Report forms may be obtained from the Ohio Highway Patrol, sheriff, or local police.

Remember, no one may force you to give opinions of the cause of the accident, either on the scene or at the police station. No one can force you to admit blame. You have a right to see your attorney before making any statement.

Foot and mouth disease affects almost all clover-footed animals and is present in most countries of the world except the United States and its territories, Australia, New Zealand, Greenland, Iceland, Norway, Ireland, Northern Ireland, the Channel Islands, Central America, the Caribbean and West Indies, according to the Encyclopaedia Britannica.

The Younger Set

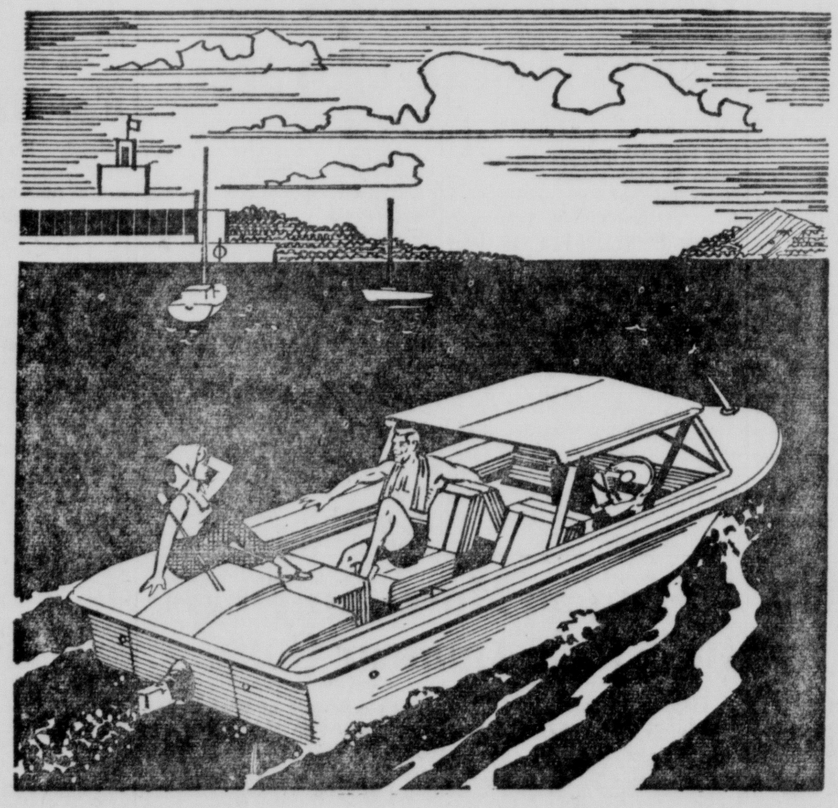

FOUNDATION GARMENT FLAP! Gridle and bra maker[illegible]right over fac. that fashion magazines are pushing the "nothing there" look. The magazine headline, "But [illegible] underwear would hide my fashion accessories," is particularly galling to the shaper and smooth-it trade. See-through styling shouldn't be too much of a problem in the 22-25 category. The "beneath-it-all trade" has more to fear from the high school girls who insist upon "freedom" all the way.

ANIMAL FABRICS roaring into fall: Deep-pile fabrics have grown 100 per cent in last eight years. Accelerating rapidly in teen area as well as home furnishings. The fake furs . . . seal, muskrat, lynx, fox, leopard, tiger, zebra, giraffe, broadtail and lamb . . . are all moving up with the young fashion set. The fabrics look great in minis vest and in a wide variety of wide pant-suits. Home sewing is leading the way as many of the fabrics are relatively expensive by the yard and, if manufactured by standard ready-to-wear factories, the finished product is priced out of sight of young fashion-wary America.

BUM RAPPING DRIVER EDUCATION! Professional dome heads are putting their mix-masters to work on accident statistics. The general premise is that current driver education is for the birds. The contention is that the research gang should be measuring and improving the accident avoidance training content of the program. The cry is out that today's methods do not generate safe drivers. One idea is to change the name of drive ed program to S.V.O. (Safe Vehicle Operation). Oh boy! With the numbers of "chase" sequences on TV and in movies it is interesting to speculate on the "educational" conflic. of interest. In classrooms and via text, teens learn how it should be done. Movies and TV punish reality with a "how-to-make-it-fun" approach. The "fun" will always overpower how it's to be done. Single truth is that for every positive educational direction in the driver ed area, there are at least three negative forces at work. Teens are learning to "control" vehicles, but the urge to "do my own thing" overpowers the "S.V.O." educational concept.

WHITE BASS HAVE STARTED hitting around the Bass Island area of Lake Erie. Smallmouths are feeding good in Beaver Creek—at times, that is. And, maybe the Ohio River is getting a little cleaner because an East End youth caught an eel there this week.

A call came through Wednesday evening that the white bass had moved into the shallows around the islands in Erie.

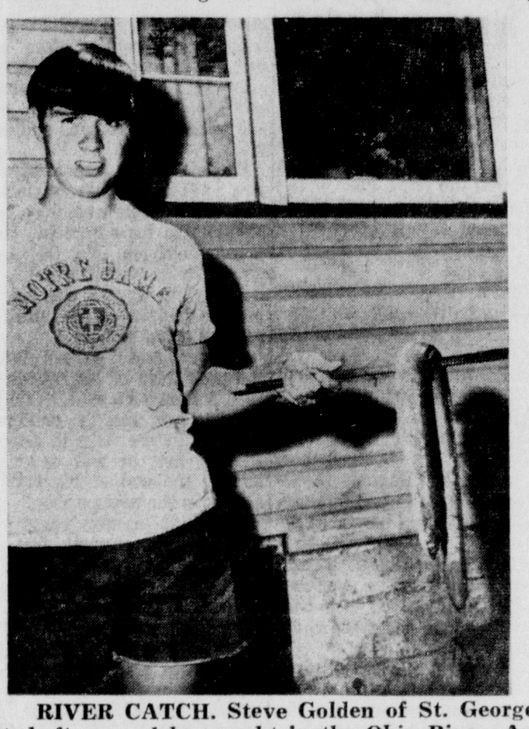

When these fish start hitting, it is nothing to catch 30 to 40 in just a short time. White bass run in large schools and chase minnows. The minnows head for the surface to escape the predators and the ensuing feed creates quite a commotion on top of the water.

If you can move your boat in around the outside edge and start casting small spinners, you can really load up on fish.

White bass runs have already been reported in the bays and streams along the south shore of the lake, but the larger fish never seem to travel any farther than the island area.

Bass in Beaver Creek have been rather finicky about what they will hit. And, they seem to feed heavily for a brief period, then quit. Soft craws are plentiful now, but sometimes even these won't tempt the bronzebacks.

SURPRISE. Steve Golden of 1206 St. George St. landed a 30-inch eel while fishing in the river in East End Monday.

RIVER CATCH. Steve Golden of St. George St. hefts an eel he caught in the Ohio River. An unusual catch from the river, it gave him quite a thrill.

Beman Fires 69 To Hold Stroke Lead In U.S. Open Golf

B. Murphy And Barber Tie For 2nd

By BOB GREEN
Associated Prss Sports Writer

HOUSTON (AP) — Tough, cocky little Deane Beman says a mystery program, not yet complete and 1½ years old, put him in the second round lead in the U.S. Open Golf championship.

The trim, blond former amateur champion won't identify this program, but he says "it's improved my game a great deal."

Asked if he would share his secret if another player asked him, the former insurance broker from Bethesda, Md., replied:

"If you mean pick my brains and soul, the answer is no."

The 150 pounder shot a second round 69 Friday for 137, three under par for two trips around the long, steaming, 6,967-yard, par 70 Cypress Creek layout at the Champions Golf Club.

That gave him a one-stroke margin on Bob Murphy, the first round leader who went to a 72, and Miller Barber, 71. They're tied at 138. Bob Rosburg is alone at 139 after 69.

Canadian George Knudson, 70, Al Geiberger, 72 and Charles Coody, 68, are tied at even par, 140.

Big Jack Nicklaus remained in contention with a 67 for 141. Arnold Palmer fell back with a 73 for 143. Gary Player had a 75 for 146, Masters champ George Archer went to 74 for 143 and Julius Boros had a 73 for 144.

Defending champion Lee Trevino, troubled by an injured left knee, blew to a 75 for 149—and missed the cut for the final two rounds. The field of 150 was trimmed to the low 60 scorers and ties, with a score of 148 needed to make it.

Beman, twice a U.S. Amateur champ and once the British Amateur title-holder, is an articulate, intelligent man with a sensible approach to the game.

"This isn't a life or death matter," he said. "If I don't win this time, I will win another time. I am convinced of that."

Will the pressure bother him?

"My game will take care of that. I'm not jittery or nervous at all. I'm playing very well and see no reason not to continue to play well.

"In fact, I usually play better in final rounds. I think I have more sub-70 rounds on the last day than any other player. I've had a couple of 62, a 63 or two, some 64s, 65s, 67s and untold 68s and 69s."

Rinehart's 2 Homers Pace Vernon Dell

Dave Rinehart connected for two home runs in leading Vernon Dell to a lopsided 23-2 victory over Golden Star in the Little League Friday.

In two other games, Travelers Hotel blanked Veteran Plate Glass, 9-0, and Parson's Coal scored a 12-3 victory over Burbick's.

Rinehart's roundtrippers led a 19-hit attack as Roger Wolfe was the winning pitcher while Fred Kinsey was charged with the loss. Charles Payne, Don Thompson, John Tice and Tim Fenton also had three hits each for Vernon Dell.

Sinclair allowed only five hits in pitching Travelers to victory. Travelers collected 13 hits including two each by Kevin Brown, Steve Baker and Mike McElroy. Steve Ward had two of Veteran Plate's five hits.

Dave Eckstein allowed only four hits in hurling Parson's Coal into the win column. He was given solid backing with a 14-hit attack with Cunningham and Stacy producing three hits each. Tim Barton was the losing pitcher.

First National, Pusateri's And Potters On Top

Pusateri's, First National Bank and Potters Bank & Trust notched victories in the Minor League Friday.

Pusateri's was an 11-5 winner over Petrosol with McGowan and May collecting three hits each for the winners. Cunningham was the winning pitcher with March the loser.

First National squeezed by Tad Pontiac, 5-4 with Pat Yanni the winning pitcher. Mark Vermillion was the loser. Steve Glass smacked a double and single for First National while John Clark of Tad Pontiac led both teams with three safeties.

Potters Bank & Trust crushed Al Green's, 14-7. Terry Echoles gained the mound victory with Ron Talbott the loser. Tom Palmer, Williams and Laughlin had two hits each for Potters. White and Olmstead led Green's with two hits each.

Detroit Tiger rookies Jon Warden, Daryl Patterson, Wayne Comer and Tom Matchick, collected a winner's share in their first World Series.

Sanguillen's Pinch Gives Bucs 2-1 Nod

★ ★ ★ Marichal Has 7th Complete Game ★ ★ ★

By MIKE RECHT

Ever since Juan Marichal began pitching for the San Francisco Giants 10 years ago, the chances were that he would win any game he pitched. But never have the percentages been so great in his favor as they are now.

After pitching the Giants to a 4-2 victory over the Montreal Expos Friday night, no pitcher in baseball history can top the right-hander when it comes to winning percentage.

Marichal's six-hitter raised his record this season to 7-2 and his career mark to 177-79, a .691 percentage. He had entered the contest tied with former New York Yankees ace Whitey Ford, who was 236-106 for .690.

Although a loss in his next start would drop him back again, the way the 31-year-old mound master wins games with monotonous regularity, he could quite possibly keep his all-time high percentage by the time he finally leaves the game.

While the percentages were not the same, Marichal had plenty of competition for pitching honors in the National League Friday night.

Rick Wise turned in a three-hitter in pitching Philadelphia past San Diego 6-1, Alan Foster scattered seven hits as Los Angeles nudged the New York Mets 1-0, Pittsburgh edged Atlanta 2-1, Houston overcame St. Louis 4-2 and, in the only hitter's contest, the Chicago Cubs tumbled Cincinnati 14-8.

Marichal, who turned in a 6-2 record in 11 games with the Giants in 1960, has been a 20-game winner five times since and fashioned such seasons as 25-8, 21-8, 25-6 and 26-9 last season. It looks like another one of those years.

His victory over Montreal was his seventh complete game this season and his only trouble came in the sixth inning when he had a brief lapse of control and walked two. Ron Fairly's hit loaded the bases and two runs scored on a ground out and a sacrifice fly.

Wise, 6-5, lost his bid for shut out and the third in a row by Philadelphia pitchers when Clarence Gaston tripled in the third inning and scored San Diego's run on a ground out. But the Philly right-hander was in control the rest of the time.

Rich Allen, Mike Ryan and Johnny Callison backed him with homers for four runs.

Foster, winning his first game after four defeats, outdueled Jerry Koosman of the Mets with the help of a second inning unearned run and a throw by outfielder Manny Mota that cut down a runner at the plate in the fifth.

The Dodgers, shut out the last two nights, got their run when Mota singled and took second as outfielder Art Shamsky bobbed the ball. Jim Lefebvre singled him home with one of the six hits off Koosman, 3-4.

Milt Pappas had Pitsburgh blanked on six hits until the ninth when Willie Stargell tied the game 1-1 with a homer, and the Pirates won it in the 10th on Bill Mazeroski's hit, a sacrifice and a pinch-hit single by Manny Sanguillen.

Houston also rallied in the ninth. Trailing Ray Washburn and the Cardinals 2-1, Doug Rader started the inning with a tying homer and Denis Menke later singled in the two decisive runs.

The Cubs exploded for six runs in the 10th, the first on Paul Popovich's single and four more on Ron Santo's two-run single and two wild pitches.

No Official Word From Russell Yet

BOSTON (AP) — The question of whether Bill Russell is retiring from basketball continued to swirl around Boston today, with the latest reports quoting him as saying he has not made any such definite decision at this time.

General Manager Red Auerbach of the Boston Celtics said the team's 6-foot-9 player-coach had telephoned him Friday from the West Coast and told him: "When I'm ready to retire, you'll be the first to know about it."

Auerbach told the Boston Record American that Russell explained he would contact him in person or by telephone when and if he decides to quit.

Russell also was quoted as saying: "When the day comes that I decide to retire, I will write the Celtics organization officially, and I have not done that at this time."

The question arose after the Boston Herald Traveler published a copyrighted story Friday saying Russell was retiring after 13 years in the National Basketball Association to pursue a career in movies and television.

Russell, who reportedly is now in Hollywood in connection with acting ventures, has been unavailable for comment. However, Auerbach told the Associated Press that it was his understanding Russell was holding off any decision on his future for at least a few weeks.

"Russell and I did not discuss the possibility of his retirement at this time," he said. "Our discussion was merely concerned with his future plans in general. I know that he will never announce the end of his brilliant career in the newspapers."

In his 13 playing years with the Celtics, Russell has led them to 11 NBA titles while revolutionizing the game with his great defensive play. He has coached the team for the past three seasons, losing out to Philadelphia in his first year at the helm but leading his club to the title in 1967-68 and again last season.

SECOND ROUND leader of the U.S. Open, Dean Beman of Bethesda, Md., does a bit of a jig on the 16th green after he dropped a four-foot birdie putt on the par three hole to go three under par and take a one stroke lead at the end of 36 holes. (UPITelphoto)

Blair-Morse Drops 2nd League Contest To J&L

Blair-Morse collected only four hits and dropped its second game in nine starts in the Hot Stove League Friday night to Jones & Laughlin at Aliquippa.

Blair-Morse held a 2-0 lead on single runs in the first and sixth innings but errors led to the defeat. In the seventh inning the Aliquippa nine scored two runs on a walk and three base error then tallied the winning run in the ninth on a hit and two errors.

Fouse was the winning pitcher while Flanagan took the loss.

Aliquippa outhit Blair-Morse 9-4. Rex Campbell's double was the only extra base blow for East Liverpool.

Hyndman Moves To Finals In British Amateur Golf

By JOHN FARROW
Associated Press Sports Writer

HOYLAKE, England (AP) — Bill Hyndman III of the United States worried about his condition but not his confidence going into today's 36-hole final round against defending champion Mike Bonallack in the British Amateur Championship.

"The thing I've got to guard against is fatigue," said Hyndman, at 53 the oldest finalist in this tournament in 36 years. "I am playing my best golf ever and have no worries on that score."

The former Walker Cupper from Huntingdon Valley, Pa., who would like a berth on this year's squad, rallied for 3 and 2 victories over two talented teenagers in Friday's quarter-final and semifinal rounds over the sunwashed 6,960-yard par 72 Royal Liverpool Golf Club layout.

Bonallack, 34, who will captain the British Walker Cup team in its match against the United States in Milwaukee Aug. 22 and 23, was seeking to become the third player in the 84-year history of the tournament to win the title four times.

Bonallack eliminated 50-year-old Dale Morey of High Point, N.C. 2 and 1 in Friday's morning round and came back to defeat Bill Davidson of Scotland 4 and 3 in the semifinal.

Hyndman fired a two-under-par 34 for a 2 up margin over 19-year-old Pierre Toussaint of Belgium after nine holes in the morning round. He was two down against 16-year-old Dale Hayes of South Africa at the halfway mark in the afternoon round, but took the lead for good with a birdie two on the 13th when he holed a 20-footer from a sandtrap. They halved the 14th and Hyndman won the 15th with a 30-foot birdie putt. He birdied the next hole to close out the match.

"I thought he had me and then suddenly my game came together," Hyndman said.

Bonallack defeated Morey with some of the finest golf ever seen in this championship. The Briton tallied six birdies and was four under par for the 17 holes played. Morey, who was two under par, said, "Somehow you don't mind losing to golf like that. Mike was tremendous."

Hyndman is the oldest finalist since Michael Scott won the title in 1933 at the age of 54.

McVay Hurls Three-Hitter For Florists

Randy McVay uncorked a three-hitter and fanned ten batters in pitching Riverview Florists to a 2-1 victory over the Lawyers Friday in the Colt League.

McVay gave up the only run in the first inning and Sheppard of the Lawyers proved just as tough on the mound blanking Riverview until the fifth inning when the Florists tied it 1-1 then scored the winning run in the sixth inning. Sheppard allowed only four hits.

Robinson Does It All For Orioles

By MURRAY CHASS
Associated Press Sports Writer

This is what Earl Weaver means when he says Frank Robinson does it all for the Baltimore Orioles:

—A sixth-inning single that put the Orioles' first run in scoring position.

—An eighth-inning, two-out single and an alert dash to the plate with the tying run.

—A ninth-inning single with two out and the bases loaded that drove in two insurance runs.

The result of all this action was a 5-2 victory for the Orioles over the Chicago White Sox Friday night.

In other American League games, Cleveland trimmed Minnesota 6-4, Oakland defeated Boston 4-1, Detroit blanked Kansas City 6-0, Washington knocked off California 6-2 and Seattle edged the New York Yankees 2-1.

"Frank started when the season started," Weaver, the Oriole manager, said Friday night. "He's done everything. He's done it all for us."

Robinson, his eyes finally seeing everything properly after a year of trouble, is batting .322, has hit 14 homers and has driven in 42 runs.

Robinson walked his first two times at bat against Chicago, but in the sixth he singled Paul Blair to third, from where Blair scored on Boog Powell's single.

Then in the eighth, with Baltimore trailing 2-1, Frank singled with two out, and Powell followed with a double. Robinson, however, didn't stop at third.

When he saw Walt Williams' throw from the outfield going over the head of relay man Bobby Knoop, he raced for the plate and scored the tying run.

"That's one thing about him," Weaver said. "He has that extra sense of doing the right thing at the right time."

He did it again the next inning when, with two out and the bases loaded, he singled for two more runs.

Ken Suarez was the big man for Cleveland, triggering a four-run outburst with a homer in the sixth and then driving in the decisive run in the ninth with a single. Harmon Killebrew made it close for Minnesota with a three-run homer in the ninth.

Oakland home runs by Reggie Jackson, his 20th, and pitcher Lew Krausse assured Jim Lonborg's first loss after six victories for Boston this year.

Joe Sparma blanked Kansas City on four hits while Norm Cash drove in two runs for Detroit with a double and a single. Dick McAuliffe homered for the Tigers.

Frank Howard and Bernie Allen connected for Washington homers, and Roger Repoz hit one for California. But the Senators also scored three runs in the third inning with the help of three infield singles.

Gene Brabender stopped the Yankees on four hits while the Pilots won the game in the eighth on Tommy Harper's run-scoring single off Mel Stottlemyre.

Sevy's Gains 10-4 Nod Over Laundrymen

A three-run homer by Randy Moore sparked Sevy's Drugs to a 10-4 victory over Woodbine in the Pony League Friday.

Woodbine drew first blood in the third inning but Sevy's bounced back with four runs in the third and five more in the fourth.

Moore also picked up the pitching victory with Cook the loser.

In addition to Moore's home run, Jim Anderson had a perfect four-for-four day at the plate for the winners while Kim Kuzynski collected three hits. Briggs had three of his team's eight hits in a losing cause.

Keyser Wins W.Va. Title In Baseball

PARKERSBURG (AP)—Keyser swamped East Bank 6-1 by scoring five runs in the first two innings to win the West Virginia High School baseball championship Friday.

Darrell Allen smacked a two-run homer in the first inning and Dave Liebeg pitched five-hit ball. East Bank committed five errors.

Robert Summers collected two of Keyser's five hits — a single in the second inning and a double in the fifth when he scored one run.

It was Keyser's second state title in three years.

Beman Fires 69 To Hold Stroke Lead In U.S. Open Golf

B. Murphy And Barber Tie For 2nd

By BOB GREEN
Associated Prss Sports Writer

HOUSTON (AP) — Tough, cocky little Deane Beman says a mystery program, not yet complete and 1½ years old, put him in the second round lead in the U.S. Open Golf championship.

The trim, blond former amateur champion won't identify this program, but he says "it's improved my game a great deal."

Asked if he would share his secret if another player asked him, the former insurance broker from Bethesda, Md., replied:

"If you mean pick my brains and soul, the answer is no."

The 150 pounder shot a second round 69 Friday for 137, three under par for two trips around the long, steaming, 6,967-yard, par 70 Cypress Creek layout at the Champions Golf Club.

That gave him a one-stroke margin on Bob Murphy, the first round leader who went to a 72, and Miller Barber, 71. They're tied at 138. Bob Rosburg is alone at 139 after 69.

Canadian George Knudson, 70, Al Geiberger, 72 and Charles Coody, 68, are tied at even par, 140.

Big Jack Nicklaus remained in contention with a 67 for 141. Arnold Palmer fell back with a 73 for 143. Gary Player had a 75 for 146, Masters champ George Archer went to 74 for 143 and Julius Boros had a 73 for 144.

Defending champion Lee Trevino, troubled by an injured left knee, blew to a 75 for 149—and missed the cut for the final two rounds. The field of 150 was trimmed to the low 60 scorers and ties, with a score of 148 needed to make it.

Beman, twice a U.S. Amateur champ and once the British Amateur title-holder, is an articulate, intelligent man with a sensible approach to the game.

"This isn't a life or death matter," he said. "If I don't win this time, I will win another time. I am convinced of that."

Will the pressure bother him?

"My game will take care of that. I'm not jittery or nervous at all. I'm playing very well and see no reason not to continue to play well.

"In fact, I usually play better in final rounds. I think I have more sub-70 rounds on the last day than any other player. I've had a couple of 62, a 63 or two, some 64s, 65s, 67s and untold 68s and 69s."

Rinehart's 2 Homers Pace Vernon Dell

Dave Rinehart connected for two home runs in leading Vernon Dell to a lopsided 23-2 victory over Golden Star in the Little League Friday.

In two other games, Travelers Hotel blanked Veteran Plate Glass, 9-0, and Parson's Coal scored a 12-3 victory over Burbick's.

Rinehart's roundtrippers led a 19-hit attack as Roger Wolfe was the winning pitcher while Fred Kinsey was charged with the loss. Charles Payne, Don Thonpson, John Tice and Tim Fenton also had three hits each for Vernon Dell.

Sinclair allowed only five hits in pitching Travelers to victory. Travelers collected 13 hits including two each by Kevin Brown, Steve Baker and Mike McElroy. Steve Ward had two of Veteran Plate's five hits.

Dave Eckstein allowed only four hits in hurling Parson's Coal into the win column. He was given solid backing with a 14-hit attack with Cunningham and Stacy producing three hits each. Tim Barton was the losing pitcher.

First National, Pusateri's And Potters On Top

Pusateri's, First National Bank and Potters Bank & Trust notched victories in the Minor League Friday.

Pusateri's was an 11-5 winner over Petrosol with McGowan and May collecting three hits each for the winners. Cunningham was the winning pitcher with March the loser.

First National squeezed by Tad Pontiac, 5-4 with Pat Yanni the winning pitcher. Mark Vermillion was the loser. Steve Glass smacked a double and single for First National while John Clark of Tad Pontiac led both teams with three safeties.

Potters Bank & Trust crushed Al Green's, 14-7. Terry Echoles gained the mound victory with Ron Talbott the loser. Tom Palmer, Williams and Laughlin had two hits each for Potters. White and Olmstead led Green's with two hits each.

Detroit Tiger rookies Jon Warden, Daryl Patterson, Wayne Comer and Tom Matchick, collected a winner's share in their first World Series.

Marichal Has 7th Complete Game

By MIKE RECHT

Ever since Juan Marichal began pitching for the San Francisco Giants 10 years ago, the chances were that he would win any game he pitched. But never have the percentages been so great in his favor as they are now.

After pitching the Giants to a 4-2 victory over the Montreal Expos Friday night, no pitcher in baseball history can top the right-hander when it comes to winning percentage.

Marichal's six-hitter raised his record this season to 7-2 and his career mark to 177-79, a .691 percentage. He had entered the contest tied with former New York Yankees ace Whitey Ford, who was 236-106 for .690.

Although a loss in his next start would drop him back again, the way the 31-year-old mound master wins games with monotonous regularity, he could quite possibly keep his all-time high percentage by the time he finally leaves the game.

While the percentages were not the same, Marichal had plenty of competition for pitching honors in the National League Friday night.

Rick Wise turned in a three-hitter in pitching Philadelphia past San Diego 6-1, Alan Foster scattered seven hits as Los Angeles nudged the New York Mets 1-0, Pittsburgh edged Atlanta 2-1, Houston overcame St. Louis 4-2 and, in the only hitter's contest, the Chicago Cubs tumbled Cincinnati 14-8.

Marichal, who turned in a 6-2 record in 11 games with the Giants in 1960, has been a 20-game winner five times since and fashioned such seasons as 25-8, 21-8, 25-6 and 26-9 last season. It looks like another one of those years.

His victory over Montreal was his seventh complete game this season and his only trouble came in the sixth inning when he had a brief lapse of control and walked two. Ron Fairly's hit loaded the bases and two runs scored on a ground out and a sacrifice fly.

Wise, 6-5, lost his bid for shut out and the third in a row by Philadelphia pitchers when Clarence Gaston tripled in the third inning and scored San Diego's run on a ground out. But the Philly right-hander was in control the rest of the time.

Rich Allen, Mike Ryan and Johnny Callison backed him with homers for four runs.

Foster, winning his first game after four defeats, outdueled Jerry Koosman of the Mets with the help of a second inning unearned run and a throw by outfielder Manny Mota that cut down a runner at the plate in the fifth.

The Dodgers, shut out the last two nights, got their run when Mota singled and took second as outfielder Art Shamsky bobbed the ball. Jim Lefebvre singled him home with one of the six hits off Koosman, 3-4.

Milt Pappas had Pitsburgh blanked on six hits until the ninth when Willie Stargell tied the game 1-1 with a homer, and the Pirates won it in the 10th on Bill Mazeroski's hit, a sacrifice and a pinch-hit single by Manny Sanguillen.

Houston also rallied in the ninth. Trailing Ray Washburn and the Cardinals 2-1, Doug Rader started the inning with a tying homer and Denis Menke later singled in the two decisive runs.

The Cubs exploded for six runs in the 10th, the first on Paul Popovich's single and four more on Ron Santo's two-run single and two wild pitches.

No Official Word From Russell Yet

BOSTON (AP) — The question of whether Bill Russell is retiring from basketball continued to swirl around Boston today, with the latest reports quoting him as saying he has not made any such definite decision at this time.

General Manager Red Auerbach of the Boston Celtics said the team's 6-foot-9 player-coach had telephoned him Friday from the West Coast and told him: "When I'm ready to retire, you'll be the first to know about it."

Auerbach told the Boston Record American that Russell explained he would contact him in person or by telephone when and if he decides to quit.

Russell also was quoted as saying: "When the day comes that I decide to retire, I will write the Celtics organization officially, and I have not done that at this time."

The question arose after the Boston Herald Traveler published a copyrighted story Friday saying Russell was retiring after 13 years in the National Basketball Association to pursue a career in movies and television.

Russell, who reportedly is now in Hollywood in connection with acting ventures, has been unavailable for comment. However, Auerbach told the Associated Press that it was his understanding Russell was holding off any decision on his future for at least a few weeks.

"Russell and I did not discuss the possibility of his retirement at this time," he said. "Our discussion was merely concerned with his future plans in general. I know that he will never announce the end of his brilliant career in the newspapers."

In his 13 playing years with the Celtics, Russell has led them to 11 NBA titles while revolutionizing the game with his great defensive play. He has coached the team for the past three seasons, losing out to Philadelphia in his first year at the helm but leading his club to the title in 1967-68 and again last season.

SECOND ROUND leader of the U.S. Open, Dean Beman of Bethesda, Md., does a bit of a jig on the 16th green after he dropped a four-foot birdie putt on the par three hole to go three under par and take a one stroke lead at the end of 36 holes. (UPITelphoto)

Blair-Morse Drops 2nd League Contest To J&L

Blair-Morse collected only four hits and dropped its second game in nine starts in the Hot Stove League Friday night to Jones & Laughlin at Aliquippa.

Blair-Morse held a 2-0 lead on single runs in the first and sixth innings but errors led to the defeat. In the seventh inning the Aliquippa nine scored two runs on a walk and three base error then tallied the winning run in the ninth on a hit and two errors.

Fouse was the winning pitcher while Flanagan took the loss.

Aliquippa outhit Blair-Morse 9-4. Rex Campbell's double was the only extra base blow for East Liverpool.

Hyndman Moves To Finals In British Amateur Golf

By JOHN FARROW
Associated Press Sports Writer

HOYLAKE, England (AP) — Bill Hyndman III of the United States worried about his condition but not his confidence going into today's 36-hole final round against defending champion Mike Bonallack in the British Amateur Championship.

"The thing I've got to guard against is fatigue," said Hyndman, at 53 the oldest finalist in this tournament in 36 years. "I am playing my best golf ever and have no worries on that score."

The former Walker Cupper from Huntingdon Valley, Pa., who would like a berth on this year's squad, rallied for 3 and 2 victories over two talented teenagers in Friday's quarter-final and semifinal rounds over the sunwashed 6,960-yard par 72 Royal Liverpool Golf Club layout.

Bonallack, 34, who will captain the British Walker Cup team in its match against the United States in Milwaukee Aug. 22 and 23, was seeking to become the third player in the 84-year history of the tournament to win the title four times.

Bonallack eliminated 50-year-old Dale Morey of High Point, N.C. 2 and 1 in Friday's morning round and came back to defeat Bill Davidson of Scotland 4 and 3 in the semifinal.

Hyndman fired a two-under-par 34 for a 2 up margin over 19-year-old Pierre Toussaint of Belgium after nine holes in the morning round. He was two down against 16-year-old Dale Hayes of South Africa at the halfway mark in the afternoon round, but took the lead for good with a birdie two on the 13th when he holed a 20-footer from a sandtrap. They halved the 14th and Hyndman won the 15th with a 30-foot birdie putt. He birdied the next hole to close out the match.

"I thought he had me and then suddenly my game came together," Hyndman said.

Bonallack defeated Morey with some of the finest golf ever seen in this championship. The Briton tallied six birdies and was four under par for the 17 holes played. Morey, who was two under par, said, "Somehow you don't mind losing to golf like that. Mike was tremendous."

Hyndman is the oldest finalist since Michael Scott won the title in 1933 at the age of 54.

McVay Hurls Three-Hitter For Florists

Randy McVay uncorked a three-hitter and fanned ten batters in pitching Riverview Florists to a 2-1 victory over the Lawyers Friday in the Colt League.

McVay gave up the only run in the first inning and Sheppard of the Lawyers proved just as tough on the mound blanking Riverview until the fifth inning when the Florists tied it 1-1 then scored the winning run in the sixth inning. Sheppard allowed only four hits.

Robinson Does It All For Orioles

By MURRAY CHASS
Associated Press Sports Writer

This is what Earl Weaver means when he says Frank Robinson does it all for the Baltimore Orioles:

—A sixth-inning single that put the Orioles' first run in scoring position.

—An eighth-inning, two-out single and an alert dash to the plate with the tying run.

—A ninth-inning single with two out and the bases loaded that drove in two insurance runs.

The result of all this action was a 5-2 victory for the Orioles over the Chicago White Sox Friday night.

In other American League games, Cleveland trimmed Minnesota 6-4, Oakland defeated Boston 4-1, Detroit blanked Kansas City 6-0, Washington knocked off California 6-2 and Seattle edged the New York Yankees 2-1.

"Frank started when the season started," Weaver, the Oriole manager, said Friday night. "He's done everything. He's done it all for us."

Robinson, his eyes finally seeing everything properly after a year of trouble, is batting .322, has hit 14 homers and has driven in 42 runs.

Robinson walked his first two times at bat against Chicago, but in the sixth he singled Paul Blair to third, from where Blair scored on Boog Powell's single.

Then in the eighth, with Baltimore trailing 2-1, Frank singled with two out, and Powell followed with a double. Robinson, however, didn't stop at third.

When he saw Walt Williams' throw from the outfield going over the head of relay man Bobby Knoop, he raced for the plate and scored the tying run.

"That's one thing about him," Weaver said. "He has that extra sense of doing the right thing at the right time."

He did it again the next inning when, with two out and the bases loaded, he singled for two more runs.

Ken Suarez was the big man for Cleveland, triggering a four-run outburst with a homer in the sixth and then driving in the decisive run in the ninth with a single. Harmon Killebrew made it close for Minnesota with a three-run homer in the ninth.

Oakland home runs by Reggie Jackson, his 20th, and pitcher Lew Krausse assured Jim Lonborg's first loss after six victories for Boston this year.

Joe Sparma blanked Kansas City on four hits while Norm Cash drove in two runs for Detroit with a double and a single. Dick McAuliffe homered for the Tigers.

Frank Howard and Bernie Allen connected for Washington homers, and Roger Repoz hit one for California. But the Senators also scored three runs in the third inning with the help of three infield singles.

Gene Brabender stopped the Yankees on four hits while the Pilots won the game in the eighth on Tommy Harper's run-scoring single off Mel Stottlemyre.

Sevy's Gains 10-4 Nod Over Laundrymen

A three-run homer by Randy Moore sparked Sevy's Drugs to a 10-4 victory over Woodbine in the Pony League Friday.

Woodbine drew first blood in the third inning but Sevy's bounced back with four runs in the third and five more in the fourth.

Moore also picked up the pitching victory with Cook the loser.

In addition to Moore's home run, Jim Anderson had a perfect four-for-four day at the plate for the winners while Kim Kuzynski collected three hits. Briggs had three of his team's eight hits in a losing cause.

Keyser Wins W.Va. Title In Baseball

PARKERSBURG (AP)—Keyser swamped East Bank 6-1 by scoring five runs in the first two innings to win the West Virginia High School baseball championship Friday.

Darrell Allen smacked a two-run homer in the first inning and Dave Liebeg pitched five-hit ball. East Bank committed five errors.

Robert Summers collected two of Keyser's five hits — a single in the second inning and a double in the fifth when he scored one run.

It was Keyser's second state title in three years.

Chicago Invader Wins Waterford Park Mile

Great Depths, an invader from Chicago's Arlington Park, came from last place to win Friday's $11,200 Waterford mile by a length over Alaskan Reindeer. Steel City, the early leader, was another length and a half back in third place.

Flawlessly ridden by C. H. Marquez, one of America's top riders, Great Depths literally exploded between horses in the run down the stretch. He nailed Alaskan Reindeer some 70 yards out and was beginning to draw out rapidly right at the end.

The victory delighted the 6,261 fans who had sent Great Depths postward as their even money choice. Across the board, the favorite paid $4.00, $3.00 and $3.00. Alaskan Reindeer, who was surprisingly ignored in the betting was worth $7.80 and $4.60, while Steel City paid $4.00 for the show.

Mesen 2nd, the second choice in the betting, was never in the chase, winding up a badly beaten eighth in the field of 10.

1 Record Set In NCAA Track Meet At Ashland

ASHLAND, Ohio (AP)—John Craft doesn't want to do anything to spoil his victory. So he's going home.

The senior from Eastern Illinois cracked the only record Friday in the first day of action at the seventh annual NCAA College Division Track and Field championships at Ashland College.

Craft, who never jumped in high school, triple jumped 53 feet, nine inches to erase the old mark of 51-9¼ set by Charles Craig of Fresno State in 1964.

The leap, best in the nation this year, and possibly the world, came on Craft's second jump. He was scheduled to compete in today's long jump event but scratched after his victory in the triple.

"Everything was just perfect," he said. "I'm very happy now and I wouldn't want to spoil my victory. So 'm going home."

In Friday's three other final events, Clint Brown of Occidental won the discus with a throw of 162-2; Roger Best of Bowdoin tossed the hammer 183-11 and Arjan Gelling of North Dakota won the six mile with a 30:16.5 clocking.

Best and Gelling were runnersup in their specialities a year ago.

Brown's victory in the discus, a second place in the six mile and a sixth place in the triple jump helped Occidental post 19 points for the first day lead.

But defending champion California Poly at San Luis Obispo, shut out in the point column in Friday's action, moved into strong contention with an impressive performance in nine semifinal events.

The Mustangs qualified 10 individuals and their crack 440 and mile relay teams for today's 16-event card.

One of three defending champs in the field was frustrated in his bid to repeat. Steve Ritchie of Howard University and Bill Ennis of Catholic University stole the spotlight in the qualifying tests

Ritchie, only a junior, won his heats in the 100 and 220, anchored Howard's winning effort in the 440 relay and ran a strong leg in the mile relay, where his team finished third.

Ennis, who competes in four events, placed first in his heats in the 220 and 440 and anchored his school's fourth place finish in the mile relay. He was an entry in today's long jump.

Trailing Occidental in the team race each with 10 points were North Dakota, Adelphi, Bowdoin and Eastern Illinois.

Winners Listed For Trapshoot

Four scored 25 straight in the 16-yard trapshoot held Wednesday night by the Columbiana County Fish and Game Association. They are John McIntosh, Paul Saling, Ken Alford and Jack Wilson.

Hitting 24 birds were Gary Tolson, Jerry Fry, James Lawton and Norman Rambo.

Alpha Adkins had two red bird wins. Gary Tolson won the Annie Oakley ftature shoot.

Winning protector teams were Tolson and Luther Adkins, Henry Cain and Rambo, Elaine McIntosh and Rambo, Tolson and Terry Zaplata and Earl Burlingame and Zaplata.

The club will hold another shoot tonight at 7.

Cub Shortstop Ties NL Errorless Record

CINCINNATI (AP) — Don Kessinger of the Chicago Cubs tied a National League record for shortstops Friday night by going through his 52nd consecutive game without an error.

The mark was set by Johnny Kerr of the New York Giants in 1946.

The major league record is 53, established by Chico Carrasquel of the Chicago White Sox in 1951.

Detroit Tiger pitchers led the American League in complete games last season with 59.

LEGAL NOTICE

LEGAL NOTICE
(Rev. Code Sec. 2703.17)

CURTIS SANFORD, whose place of residence is unknown and cannot be reasonably ascertained, will take notice that on the first day of May, 1969, the plaintiff, THE POTTERS SAVINGS & LOAN COMPANY of East Liverpool, Ohio, filed its petition against him in the Court of Common Pleas of Columbiana County, Ohio, the same being cause No. 54007 in said Court, for the foreclosure of a mortgage of certain real estate belonging to CURTIS SANFORD and MARY SANFORD and in said petition described, to-wit:

Situated in the City of East Liverpool, County of Columbiana and State of Ohio, and known as and being those certain Lots numbered Six Thousand Three Hundred Fifty-eight (6358), Six Thousand Three Hundred Fifty-nine (6359), Six Thousand Three Hundred Sixty (6360), Six Thousand Three Hundred Sixty-one (6361), Six Thousand Three Hundred Sixty-two (6362), Six Thousand Three Hundred Sixty-three (6363) and Six Thousand Three Hundred Sixty-four (6364), as said Lots are numbered and distinguished on the recorded plat of the Northside Land Company's "Belmar Place" Addition to the City of East Liverpool, County of Columbiana and State of Ohio.

Plaintiff says that subsequent to the execution and delivery of said mortgage, Lots 6358, 6359, 6363 and 6364 were released from the terms and conditions thereof and that said Lots so released should not be considered as a part of this action.

Said premises are also known as 1748 Montana Avenue, East Liverpool, Ohio.

Defendants, CURTIS SANFORD and MARY SANFORD, acquired the foregoing real estate by Deed recorded in Volume 1227, Page 754, Columbiana County, Ohio, Deed records.

The prayer of said petition is for the foreclosure of mortgage and sale of said real estate and for other equitable relief. Said defendant is required to answer said petition on or before the 14th day of June, 1969, or judgment will be taken against him.

Chicago Invader Wins Waterford Park Mile

Great Depths, an invader from Chicago's Arlington Park, came from last place to win Friday's $11,200 Waterford mile by a length over Alaskan Reindeer. Steel City, the early leader, was another length and a half back in third place.

Flawlessly ridden by C. H. Marquez, one of America's top riders, Great Depths literally exploded between horses in the run down the stretch. He nailed Alaskan Reindeer some 70 yards out and was beginning to draw out rapidly right at the end.

The victory delighted the 6,261 fans who had sent Great Depths postward as their even money choice. Across the board, the favorite paid $4.00, $3.00 and $3.00. Alaskan Reindeer, who was surprisingly ignored in the betting was worth $7.80 and $4.60, while Steel City paid $4.00 for the show.

Meson 2nd, the second choice in the betting, was never in the chase, winding up a badly beaten eighth in the field of 10.

Ulbright's 2-Hitter Gives Newell Victory

Jamie Ulbright turned in a two - hitter and struck out 13 as Newell blanked Hookstown, 14-0, Friday in a South Side Junior Division League game at Hookstown.

Anthony Laneve paced Newell with a home run while Steve Shuman and Jack Dunlevy had two hits each. Fox was the losing pitcher but struck out 11.

Cleon Jones of the New York Mets waited four years before he got his first grand slam home run. It came this spring against the Atlanta Braves.

1 Record Set In NCAA Track Meet At Ashland

ASHLAND, Ohio (AP)—John Craft doesn't want to do anything to spoil his victory. So he's going home.

The senior from Eastern Illinois cracked the only record Friday in the first day of action at the seventh annual NCAA College Division Track and Field championships at Ashland College.

Craft, who never jumped in high school, triple jumped 53 feet, nine inches to erase the old mark of 51-9¼ set by Charles Craig of Fresno State in 1964.

The leap, best in the nation this year, and possibly the world, came on Craft's second jump. He was scheduled to compete in today's long jump event but scratched after his victory in the triple.

"Everything was just perfect," he said. "I'm very happy now and I wouldn't want to spoil my victory. So 'm going home."

In Friday's three other final events, Clint Brown of Occidental won the discus with a throw of 162-2; Roger Best of Bowdoin tossed the hammer 183-11 and Arjan Gelling of North Dakota won the six mile with a 30:16.5 clocking.

Best and Gelling were runnersup in their specialities a year ago.

Brown's victory in the discus, a second place in the six mile and a sixth place in the triple jump helped Occidental post 19 points for the first day lead.

But defending champion California Poly at San Luis Obispo, shut out in the point column in Friday's action, moved into strong contention with an impressive performance in nine semifinal events.

The Mustangs qualified 10 individuals and their crack 440 and mile relay teams for today's 16-event card.

One of three defending champs in the field was frustrated in his bid to repeat. Steve Ritchie of Howard University and Bill Ennis of Catholic University stole the spotlight in the qualifying tests

Ritchie, only a junior, won his heats in the 100 and 220, anchored Howard's winning effort in the 440 relay and ran a strong leg in the mile relay, where his team finished third.

Ennis, who competes in four events, placed first in his heats in the 220 and 440 and anchored his school's fourth place finish in the mile relay. He was an entry in today's long jump.

Trailing Occidental in the team race each with 10 points were North Dakota, Adelphi, Bowdoin and Eastern Illinois.

Winners Listed For Trapshoot

Four scored 25 straight in the 16-yard trapshoot held Wednesday night by the Columbiana County Fish and Game Association. They are John McIntosh, Paul Saling, Ken Alford and Jack Wilson.

Hitting 24 birds were Gary Tolson, Jerry Fry, James Lawton and Norman Rambo.

Alpha Adkins had two red bird wins. Gary Tolson won the Annie Oakley ftature shoot.

Winning protector teams were Tolson and Luther Adkins, Henry Cain and Rambo, Elaine McIntosh and Rambo, Tolson and Terry Zaplata and Earl Burlingame and Zaplata.

The club will hold another shoot tonight at 7.

Cub Shortstop Ties NL Errorless Record

CINCINNATI (AP) — Don Kessinger of the Chicago Cubs tied a National League record for shortstops Friday night by going through his 52nd consecutive game without an error.

The mark was set by Johnny Kerr of the New York Giants in 1946.

The major league record is 53, established by Chico Carrasquel of the Chicago White Sox in 1951.

Detroit Tiger pitchers led the American League in complete games last season with 59.

Eyes 7th Straight

GALES FERRY, Conn. (AP) — Harvard's heavyweight crew tries today for its seventh straight victory over Yale in America's oldest intercollegiate rowing race on the Thames River.

Fight Results

MADRID—Pedro Carrasco, 131, Spain, outpointed Miguel Velazquez, 130½, Spain 15. Carrasco retained European lightweight title.

FORT WORTH, Tex.—Willie Warren, 159, Corpus Christi, Tex., decisioned Jose Gabino, 161, Mexico, 10.

Woman Kills Girl And Takes Own Life

STOW, Ohio (AP)—Police say Bonna Salem apparently shot her 6-year-old daughter, Sandra Erickson, to death then took her own life.

Bodies of Mrs. Salem and Sandra, her daughter by a previous marriage, were found Friday when her estranged husband, Lee Salem, went to the house on North Norman Drive in Stow.

British Actress Dies

LONDON (AP) — Martita Hunt, 69, British actress who was known in London and on Broadway for her portrayals of eccentric ladies, died Friday. Miss Hunt won a Tony award for her performance in "The Mad Woman of Chaillot."

Lead Cage Win

PRAGUE (AP) — Robert Guy and Jesse Price combined for 51 points to lead the U.S. Midwest College All-Star basketball team to an 87-79 exhibition victory over the Vs Praha team of Czechoslovakia Friday night. Guy scored 30 points and Price 21 as the Americans won their fourth straight on their tour of Czechoslovakia.

Team Up In Race

CHARLES TOWN, W. Va. (AP) — A mother and daughter team will saddle and ride High Impact in the third race at Shenandoah Downs tonight. Wilma K. MacFarlene will saddle the horse as trainer. Her 19-year-old daughter, Deborah, will ride. Both are from Harrisburg, Pa.

Oakland Wins, 15-4

Oakland Free Methodist defeated First Free Methodist, 15-4, in the Ohio Valley Church Softball League Friday. Mike Talkington was the winning pitcher and Dale Adkins had five singles.

LEGAL NOTICE

LEGAL NOTICE
(Rev. Code Sec. 2703.17)

CURTIS SANFORD, whose place of residence is unknown and cannot be reasonably ascertained, will take notice that on the first day of May, 1969, the plaintiff, THE POTTERS SAVINGS & LOAN COMPANY of East Liverpool, Ohio, filed its petition against him in the Court of Common Pleas of Columbiana County, Ohio, the same being cause No. 54007 in said Court, for the foreclosure of a mortgage of certain real estate belonging to CURTIS SANFORD and MARY SANFORD and in said petition described, to-wit:

Situated in the City of East Liverpool, County of Columbiana and State of Ohio, and known as and being those certain Lots numbered Six Thousand Three Hundred Fifty-eight (6358), Six Thousand Three Hundred Fifty-nine (6359), Six Thousand Three Hundred Sixty (6360), Six Thousand Three Hundred Sixty-one (6361), Six Thousand Three Hundred Sixty-two (6362), Six Thousand Three Hundred Sixty-three (6363) and Six Thousand Three Hundred Sixty-four (6364), as said Lots are numbered and distinguished on the recorded plat of the Northside Land Company's "Belmar Place" Addition to the City of East Liverpool, County of Columbiana and State of Ohio.

Plaintiff says that subsequent to the execution and delivery of said mortgage, Lots 6358, 6359, 6363 and 6364 were released from the terms and conditions thereof and that said Lots so released should not be considered as a part of this action.

Said premises are also known as 1748 Montana Avenue, East Liverpool, Ohio.

Defendants, CURTIS SANFORD and MARY SANFORD, acquired the foregoing real estate by Deed recorded in Volume 1227, Page 754, Columbiana County, Ohio, Deed records.

The prayer of said petition is for the foreclosure of mortgage and sale of said real estate and for other equitable relief. Said defendant is required to answer said petition on or before the 14th day of June, 1969, or judgment will be taken against him.

5 YEARS TO PAY for your
Buster Crabbe Pool...
Enjoy it for a lifetime!

Hot highways and traffic tempers take the joy out of a family swimming trip. Why put up with it? You're only a wish away from a refreshing dip with a pool in your backyard. And if it's a Buster Crabbe pool, it's the best. Can't afford it? That's what a lot of our customers thought until we outlined the easy financing terms with comfortable installments. You don't have to be a millionaire to live like one. Start living.

- Pre-fabricated vinyl-lined pool

Junior Editors Quiz on ALBINOS

QUESTION: *What causes some animals to become albinos?*

* * *

ANSWER: In the outer layer of an animal's skin are pigments, such as melanin, which give a deeper color. The hair also is affected by this pigment. But nature seems full of restless experiment; individuals may be born strikingly different in some way. Occasionally we find an animal whose skin and hair lacks normal pigment; such a one is an albino. The hair will be pure white; eyes and skin pink; the iris blue. Albinos may be perfectly normal in every other way. Moby Dick, in Melville's story, was an albino white whale. There have been albino elephants, squirrels and so on. Yet, among wild animals, albinos are very rare, perhaps one in 10,000. Imagine the thrill of coming across a pure white giraffe such as we show, silhouetted against the dark green jungle! Even more extraordinary is the pure white gorilla, nicknamed Snowflake, who was discovered with his jet black mother in 1966. In a number of familiar animals — white mice, white chickens and so on — there are so many white individuals that the whiteness has become hereditary; they all turn out that way.

(Sandra Avery of Santa Cruz, Calif., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

How Can I?

By ANNE ASHLEY

Q.—How can I concoct a nice, glossy starch?

A.—Try adding a few drops of glycerin to your starch solution, and see if this doesn't add a nice gloss to your linens. Many other such laundering and ironing tips are included in my household book.

Q.—How can I silence the annoying drip-drip of a leaky faucet that's keeping me awake at night?

A.—Tie a cotton string to the faucet long enough to touch bottom, and the water will trickle noiselessly down the string. Then, as soon as possible the next day, do something about replacing that faulty washer.

Q.—How can I prevent odors in my refrigerator?

A.—One drop of oil of wintergreen put in a corner of your refrigerator will absorb all food odors. Or, keep a small container of baking soda inside to keep the refrigerator sweet-smelling.

By Cecil Smith

From 'Spock' To Mission Impossible

Bitterness, recriminations, charges and counter-charges have marked the departure of Martin Landau and his wife, Barbara Bain, from "Mission: Impossible," some of which crept into Miss Bain's emotional acceptance of her third Emmy for her work in the series last Sunday night.

Cecil Smith

The next day I dropped by the "Mission" set at Paramount to check the progress of the series without them.

Dina Merrill was playing a female agent, a part designed for Miss Bain, but with Dina this was strictly a guest appearance. She has no intention of continuing with the series.

-:-

THE SITUATION is different with Leonard Nimoy in Landau's central role in the charade. Nimoy, who built an immense following among young people as Mr. Spock in "Star Trek," has agreed to do at least eight of the Mission plays for next season and may do more.

"This is difficult for me," said Nimoy, "because Marty Landau and I are very close friends. We talked it over before I would agree to do the shows. Marty had no intention of doing more than half the shows next season.

"He wants to move to other things. When I agreed to do eight, these were shows he would not have done anyway. I want to make this very clear."

-:-

THE FORMAT of Bruce Geller's immensely popular CBS series allows for flexibility in casting. Each week Peter Graves, as chief of the "Mission" team, shuffles through a batch of photographs to decide which agents he will use in the current spy assignment. It's plausible that guest stars could be used each week in the series.

For Nimoy, who had decided to give up acting for directing after 17 Hollywood years when Mr. Spock thrust him into stardom, the "Mission" assignment is an ideal situation.

"I'm in a great spot," said Nimoy. "I'm doing interesting work in a series I admire, and yet I'm committed for only eight so I have the freedom to do other things.

-:-

"THE SERIES is exciting and challenging because it is genuinely cinematic. Too much television is simply radio on film: You can turn off the picture and still follow the story. Not 'Mission.' It tells its story in pictures. It's pure cinema with all the mystery and excitement and impact of film.

"For the actor, it is a much richer experience. With much of television, the actor feels he's carrying the whole story on his back. He has to make everything work with words. In Mission, he becomes a part of the entire cinematic experience, one aspect of the story."

And yet in "Mission," which is built on the technique of the TV commercial where characters emerge suddenly whole with no background, no preparation, no development, I would think the actor would feel hampered with no explanation as to who he is or why he's there.

-:-

NIMOY SAYS to the contrary, this works for the actor. It provokes questions in the audience, makes them provide their own explanations rather than have the character explained for them.

Nimoy's character is named Paris and he has his own ideas of what this man is and from where he came, none of which will be conveyed to the audience — "they must fill in for themselves."

"I don't think people, particularly the young, want the old-fashioned contructed hero today. They want their people whole — with flaws and inadequacies. What made 'Spock so meaningful to the young was that he was not a human but an observer of the idiocies of the humans running around him. The young identified with Spock and his remote point of view."

The case of the Landaus leaves a bad taste in the town. I was not surprised when Marty quit the series. He always had refused to sign a long-term agreement and he told me a couple of years ago he would only do the show as long as it was fun to do. Obviously, for him, the fun was over. For Nimoy it is just beginning.

TV Highlights

TONIGHT

7:30 WIIC, Adam-12. Officers Malloy and Reec have just eight minutes to thwart a teen-ager's threat to commit suicide.

8 WIIC, Get Smart. Max brings the chief home for dinner, and they both become ill when they eat a dessert supplied by a strangely helpful neighbor, played by Alice Ghostley.

8:30 WIIC, The Ghost and Mrs. Muir. A curse on an old clock found in the attic of Gull Cottage seems to spell death for Capt. Grogg's nephew.

9 WIIC, Movie, "The Art of Love." In Paris, an unsuccessful American writer concocts a phony suicide scheme for a n'er-do-well artist, hoping the stunt will promote the sale of his paintings.

9:30 WTAE, Miss Pennsylvania Pageant. Live from Hershey auditorium.

9:30 WSTV, Johnny Cash. Guests Dan (Hoss) Blocker, Eve Sands and Joey Scarbury join regulars the Carter Family, the Statler Brothers and the Tennessee Three.

SUNDAY

5:30 KDKA, Government Story. Vietnam — How did we get there? Story of how power has shifted since the early days of the nation to the Vietnam controversy.

6 KDKA, 21st Century. Walter Cronkite presents problems of space travel that have been simulated in a lab.

Ohio's Girls' State Opens At Capital U.

COLUMBUS, Ohio (AP) — Some 1,200 girls were scheduled to arrive at Capital University here today at the opening of an eight-day Girls' State program sponsored by the American Legion's women's auxiliary.

The program's purpose, similar to that at Boys' State now in progress at Ohio University in Athens, is "to give our girls a better understanding of government," said Mrs. Melvin Junge, director of public relations.

The computer complex developed for the Apollo spacecraft flights handles 80 billion calculations a day.

Local Residents Are Graduated At Youngstown

Two East Liverpool residents were graduated from Youngstown State University in ceremonies Thursday night.

Mrs. Mary Jane Sherwood of 2001 St. Clair Ave. received a bachelor of science degree in education and Kenneth H. Davis, son of Mr. and Mrs. Harry K. Davis of 7th Ave., LaCroft, a bachelor of science degree in business administration.

Mrs. Sherwood will teach elementary classes in East Liverpool this fall. She has been a substitute at North Elementary since March.

She has two children, James, a senior at the high school, and Mary Elizabeth, a freshman at Westgate.

Davis has accepted a position with the Inland Manufacturing Co. of Dayton in the new product planning department.

He is married to the former Linda Croyle. They are parents of a son Stephen.

Before you start baking cake, cookies or breads, it's a good idea to prepare the pans that will be needed for baking them.

On The TV Beat

By Cecil Smith

From 'Spock' To Mission Impossible

Bitterness, recriminations, charges and counter-charges have marked the departure of Martin Landau and his wife, Barbara Bain, from "Mission: Impossible," some of which crept into Miss Bain's emotional acceptance of her third Emmy for her work in the series last Sunday night.

Cecil Smith

The next day I dropped by the "Mission" set at Paramount to check the progress of the series without them.

Dina Merrill was playing a female agent, a part designed for Miss Bain, but with Dina this was strictly a guest appearance. She has no intention of continuing with the series.

-:-

THE SITUATION is different with Leonard Nimoy in Landau's central role in the charade. Nimoy, who built an immense following among young people as Mr. Spock in "Star Trek," has agreed to do at least eight of the Mission plays for next season and may do more.

"This is difficult for me," said Nimoy, "because Marty Landau and I are very close friends. We talked it over before I would agree to do the shows. Marty had no intention of doing more than half the shows next season.

"He wants to move to other things. When I agreed to do eight, these were shows he would not have done anyway. I want to make this very clear."

-:-

THE FORMAT of Bruce Geller's immensely popular CBS series allows for flexibility in casting. Each week Peter Graves, as chief of the "Mission" team, shuffles through a batch of photographs to decide which agents he will use in the current spy assignment. It's plausible that guest stars could be used each week in the series.

For Nimoy, who had decided to give up acting for directing after 17 Hollywood years when Mr. Spock thrust him into stardom, the "Mission" assignment is an ideal situation.

"I'm in a great spot," said Nimoy. "I'm doing interesting work in a series I admire, and yet I'm committed for only eight so I have the freedom to do other things.

-:-

"THE SERIES is exciting and challenging because it is genuinely cinematic. Too much television is simply radio on film: You can turn off the picture and still follow the story. Not 'Mission.' It tells its story in pictures. It's pure cinema with all the mystery and excitement and impact of film.

"For the actor, it is a much richer experience. With much of television, the actor feels he's carrying the whole story on his back. He has to make everything work with words. In Mission, he becomes a part of the entire cinematic experience, one aspect of the story."

And yet in "Mission," which is built on the technique of the TV commercial where characters emerge suddenly whole with no background, no preparation, no development, I would think the actor would feel hampered with no explanation as to who he is or why he's there.

-:-

NIMOY SAYS to the contrary, this works for the actor. It provokes questions in the audience, makes them provide their own explanations rather than have the character explained for them.

Nimoy's character is named Paris and he has his own ideas of what this man is and from where he came, none of which will be conveyed to the audience — "they must fill in for themselves."

"I don't think people, particularly the young, want the old-fashioned contructed hero today. They want their people whole — with flaws and inadequacies. What made 'Spock so meaningful to the young was that he was not a human but an observer of the idiocies of the humans running around him. The young identified with Spock and his remote point of view."

The case of the Landaus leaves a bad taste in the town. I was not surprised when Marty quit the series. He always had refused to sign a long-term agreement and he told me a couple of years ago he would only do the show as long as it was fun to do. Obviously, for him, the fun was over. For Nimoy it is just beginning.

TV Highlights

TONIGHT

7:30 WIIC, Adam-12. Officers Malloy and Reec have just eight minutes to thwart a teen-ager's threat to commit suicide.

8 WIIC, Get Smart. Max brings the chief home for dinner, and they both become ill when they eat a dessert supplied by a strangely helpful neighbor, played by Alice Ghostley.

8:30 WIIC, The Ghost and Mrs. Muir. A curse on an old clock found in the attic of Gull Cottage seems to spell death for Capt. Grogg's nephew.

9 WIIC, Movie, "The Art of Love." In Paris, an unsuccessful American writer concocts a phony suicide scheme for a n'er-do-well artist, hoping the stunt will promote the sale of his paintings.

9:30 WTAE, Miss Pennsylvan-a Pageant. Live from Hershey auditorium.

9:30 WSTV, Johnny Cash. Guests Dan (Hoss) Blocker, Eva Sands and Joey Scarbury join regulars the Carter Family, the Statler Brothers and the Tennessee Three.

SUNDAY

5:30 KDKA, Government Story. Vietnam — How did we get there? Story of how power has shifted since the early days of the nation to the Vietnam controversy.

6 KDKA, 21st Century. Walter Cronkite presents problems of space travel that have been simulated in a lab.

7:30 WIIC, Walt Disney. "The Horse of the West." A champion quarter horse is mistakenly sold at an auction.

9 KDKA, WSTV, Hee Haw. New country variety series with hosts Roy Clark and Buck Owens. Guests on this first show are Charley Pride, Minnie Pearl and Loretta Lynn.

9 WTAE, Movie, "Bunny Lake is Mission." Ann Lake, a young American living in London, claims her daughter Bunny is missing from nursery school.

9, Bonanza. A young woman scorned by citizens and her husband when she returns to Virginia City with a half-breed baby after spending four years as a captive of renegade Indians.
